SATURDAY, APRIL 9, 1910.

SENATOR JOHN WALTER SMITH has the sympathy of every Eastern Shoreman in the recent death of his helpmeet. Mrs. Smith was a lovable woman and besides being a great personal loss to her husband she will be sadly missed in her home town of Snow Hill where she was known for her charity, helpfulness and sweet disposition.

WHY THEY BARK.

The Christian Commonwealth tells an anecdote which is given here hoping it may do some good. A dog, hitched to a lawn mower, stopped pulling to bark at a passer-by. The boy who was guiding the mower said: "Don't mind the dog, he is just barking for an excuse to rest. It is easier to bark than to pull this machine." It is easier to be critical than correct. Easier to bark than work. Easier to burn a house than build one. Easier to hinder than to help. Easier to destoy reputation than construct character. Fault-finding is as dangerous as it is easy. Anybody can grumble, criticize or censure, but it takes a great man to go on working faithfully and rise superior to it. Look for the good and you'll find it for a man generally finds what he diligently seeks after.

THE general assessment bill provides for local assessors in every district and two general assessors for the county. Among the names "mentioned" for district assessors are heard the following: First, William Steel, Sam Waters, James Quinn, Gove Everett; Second, Spencer Comegys, W. H. Kelley, Albert and Thomas Godwin; Third, A. S. Turner, Frank Meeks, Carson Harris, John Brice, John Robinson; Fourth, E. P. Beck, Wm. Malin, Clifton Jarrell, P. A. M. Brooks; Fifth, Samuel Burgess, Hugh McCloskey, John Collison, Wallace Wheat; Sixth, Thomas J. Davis; Seventh, Charles Vickers, George P. Hendrickson. We have heard a few names suggested for general assessors, viz: P. G. Wilmer, Edw. Hepbrom, Wm. E. Keyser, T. G. Wroth, C. S. Hurlock, Harry Griffith and others.

THE NEW ROAD LAW.

Owing to a demand upon the part of the taxpayers of Kent to inaugurate some new system for managing and working the roads of the county the representatives at Annapolis had a Road Bill passed. Caroline county was the first county to try a *new* system, and, after investigation, it was decided to follow our sister county, and if possible, to profit by her mistakes and get even a better law. Therefore, with an earnest desire to remove the engineer from politics his appointment was left in the hands of the Governar. This was indeed a wise change, as at this time he is better fitted than any other individual or individuals to select a man who will fill the place acceptably.

Senator Slay, Hon. H. C. Willis, Hon. J. S. Harris and the advocates of this law are honest in their endeavors to have the roads removed from politics and he who would impugn any other motive or motives gives every reason to believe that they would have it otherwise *for a purpose*. Now no law can be effective unless it has the support of the people so that if every taxpayer will lend his aid toward putting this new system into effect a long step forward will be taken. The NEWS has no favorites in this matter and we shall contend as we have always done that merit be the guide in naming the engineer and seven supervisors as in naming assessors, and other officials.

KENT'S HONORED SONS.

Kent county honored herself and the Democratic party did a wise thing when Hon. William M. Slay was sent as the represetative in the Senate of this grand commonwealth. He has been faithful and true to every trust and acted honestly in what he thought to be for the best. He has been diligent and careful to examine every measure which came for his vote and in many instances his matured judgment served his party well. To Senator Slay much of the credit for the passage of the Banking Bill is accorded. This was one of the most important measures enacted, its object being to throw about depositors safeguards and to give to our banking system more supervision. And in other important acts Senator Slay was a factor.

Messrs. James S. Harris and Harry C. Willis in the House were two of the best representatives Kent ever had. They were alert to every measure and voted with rare intelligence. Mr. Harris spent most of the session in Annapolis and therefore did not have the opportunity of consulting with the people as did Mr. Willis who came home every Saturday. Mr. Willis was always posted on every measure, could impart information and accorded various interests a consideration never before experienced. He aimed to truly represent his whole county and well he did, too, as did Mr. Harris. Of them may well be said, "well done, good and faithful servants."

THE position of Engineer on the roads of Kent County, under the new Road Law is being sought after by friends of candidates. Among the names mentioned in public are Messrs. Thomas Hines, Jr., Gilbert Taylor, Isaac Gibbs, Jr., and William Hines. The Governor will not likely be hampered in this appointment but will be asked for a capable man who will attend to his duties, and, as far as possible, take the roads out of politics.

UNLESS our property owners wish our roads continued as a prize fund for the political factions or parties to fight over and to be abused when won all good citizens must certainly admit the new road law is a happy and most fortunate way out. Much, of course depends upon the selection of a proper engineer and his receiving proper aid and encouragement in the discharge of his duties.

We are assured by Senator Slay and our delegates that they feel pledged to do all in their power to see that no factional advantage or, supposed advantage shall be obtained in the practical working of the law.

In order to avoid even the appearance of evil it was decided to place the appointing power in the Circuit Court, but this was thought by the Court decidedly unadvisable, then Senator Slay, before the passage of the law, explained fully the situation to the Governor and obtained from him his promise, not to regard this office as a perquisite of either faction, to be bestowed as it might direct, but, belonging to one as much as the other. We are also assured that the Governor and our Senator and representatives very much desire that all persons or factions shall feel a personal interest in the success of this law, and, so far as they may be able, shall help find and recommend a suitable person to the Governor to be appointed road engineer. The Governor says he fears good ones may be scarce. We are advised that at least four of these road laws place the appointing power in the hands of the Governor and that where left in the hands of Commissioners, as in Caroline, the Commissioners see that they get a political advantage in the administration. Our law defining misconduct in office absolutely prevents that if watched by those interested.

ELECTION OF

Town Commissioner

And Vote Upon the Bonding of the Town for Improvement to Water Works.

NOTICE IS HEREBY GIVEN that an Election will be held at the Court House in Chestertown, Maryland, on

MONDAY, April 25th, 1910,

for the purpose of electing one person to serve for three years in the place of Thomas S. Bordley, one of the present commissioners, whose term expires on that date. Polls open from 9 A. M. to 6 P. M.

And under and by virtue of a law passed by the General Assembly of Maryland of 1910, at the said election there will be submitted to the qualified voters of Chestertown the question contained in a Bill, entitled—

AN ACT to authorize and empower the Commissioners of Chestertown, Kent county, Maryland, to borrow money on the credit of said town for the purpose of supplementing, enlarging, increasing and adding to the water works and system now belonging to and operated by the said town, and to issue bonds for the payment of the same, and to levy on the assessable property of the said town to redeem said bonds and to pay the interest on the same.

SECTION 1. *Be it enacted by the General Assembly of Maryland*, That for the purpose of supplementing, enlarging, increasing and adding to the waterworks and system now belonging to and operated by the town of Chestertown, the Commissioners of Chestertown, Kent county, Maryland, be and they are hereby authorized and empowered and directed to borrow money on the credit of the town of Chestertown, to an amount not exceeding ten thousand dollars ($10,000), and to issue coupon bonds on said town in payment of said sum, and the interest to accrue; provided, however, that the question of the issue of the said bonds shall be submitted to the voters of said town qualified to vote for the Commissioners of Chestertown, at the election to be held in said town as hereinafter provided. The said bonds shall be issued in the sum of five hundred dollars ($500) each; shall have coupons attached for the interest thereon, payable semi-annually at the rate not exceeding five per cent. per annum; the bonds shall be signed by the Commissioners of Chestertown with the corporate seal of the said Commissioners affixed and shall be registered by the Clerk of said Commissioners in a book kept for that purpose. The coupons attached to said bonds shall be signed by the Clerk of said Commissioners. Said bonds shall be issued at such time as the Commissioners aforesaid shall determine, subject to the provisions of this Act; provided that the date of issue shall not be more than sixty days after the date of the election held, as hereinafter provided. The bonds shall be designated as Chestertown Water Bonds, "Second Series," and numbered consecutively, and shall be payable in sums of five hundred dollars in each of the years, beginning with the tenth day of July, 1915, and one bond shall be paid each year thereafter until fully paid; but said bonds shall be redeemable, however, at the option of said Commissioners after ten years from the date of this issue. They shall be exempt from municipal and county taxation, and shall have printed on them a reference to the Act of Assembly authorizing their issue. The said Commissioners are directed to advertise at least one a week for three successive weeks in three newspapers published in Kent county, for sealed proposals for the negotiation of said bonds, on a certain day to be named in said advertisement; they shall, in the presence of such persons as may be interested in said bids, open all bids received, and award the bonds to the highest bidders; provided, no bid less than par shall be accepted.

SEC. 2. *And be it enacted*, That at the next regular election for a Commissioner of Chestertown there shall be submitted to the voters qualified to vote at said election for Commissioners of Chestertown, the question whether the said bonds shall be issued, and at such election the ballots cast upon the question shall have printed or written thereon the words, "For the Bond Issue" or "Against the Bond Issue"; and if the majority of the votes cast upon said question shall be "For the Bond Issue," then the said bonds shall be issued, and at such election the ballots cast upon the question shall have printed or written thereon the words, "For the Bond Issue" or "Against the Bond Issue"; and if the majority of the votes cast upon said question shall be "For the Bond Issue," then this Act shall be null and void.

SEC. 3. *And be it enacted*, That if the result of said election shall be in favor of said bond issue, then all the proceeds from the sale of said bonds shall be turned over to the Water Board of said town holding office under the provisions of Chapter 289, of the Acts of the General Assembly of Maryland passed at the January Session, 1908. The said Water Board shall receive said money and deposit same in some bank in Chestertown to be designated by said Water Board, and shall disburse the same on the order of said Water Board by check, to be signed by the president and treasurer thereof, in supplementing, enlarging, increasing and adding to the waterworks system, in strict accordance with the recommendations of a committee of citizens of Chestertown made to said Water Board and by said board approved and adopted on the 16th day of February, 1910, and now filed in the office of the Commissioners of Chestertown

SEC. 4. *And be it enacted*, That after repairs, maintenance and running expenses are paid out of the water rents from said waterworks, all surplus from said waterworks accruing from year to year shall constitute a sinking fund, which said Water Board is hereby directed to create and maintain for the payment of interest and for redemption of said water bonds when redeemable, and any excess thereof shall be expended under the direction of said Water Board for any extraordinary expenses in maintaining and improving said waterworks, and said Water Board shall on or before the 30th day of June and the 31st day of December in each and every year pay to the Commissioners of Chestertown out of said sinking fund a sum sufficient to pay the semi-annual interest on said bonds; and on the 30th day of June of each year an additional sum for the redemption of the one-twentieth part of the principal of said bonded debt, as the same shall mature, so that the semi-annual interest and the whole of said bonds may be provided for and paid in the time hereinbefore limited, and the sum of money so received by the Commissioners of Chestertown shall be applied to the payment of the interest on said bonds when redeemable. And, should said water rents or revenues be insufficient to pay the interest on said bonds and the one twentieth part of the bonded debt as it matures, the said Commissioners of Chestertown are hereby authorized and directed to levy and collect annually a tax upon the taxable property in Chestertown for a sum as will, with the net water rents and revenues from waterworks provide for the payment of the interest on said bonds as same matures and one-twentieth part of the principal of said bonded debt.

SEC. 5. *And be it enacted*, That this Act shall take effect from the date of the passage.

It is convenient to railroads, churches, schools, villages, and is only a short haul to the landing on Chester river. PUBLIC SALE

OF A LARGE

Valuable Farm

THE undersigned will sell at the Middletown Hotel in Middletown, Delaware, on

Thursday, April 14, '10

AT 2 O'CLOCK P. M.,

the farm known as the "DRUMMOND FARM," situated on the Bohemia River, in "Middle Neck," Cecil county, Maryland, containing

400 Acres

more or less, 30 acres of which is set in good Chestnut Timber.

The large 11-room house and outbuildings are all in excellent condition, and the farm is well fenced; there are also two good tenant houses.

This is unquestionably one of the best producing Farms on the Peninsula, is well located and in a high state of cultivation. All farmers living within a radius of ten miles of Middletown will vouch for the truthfulness of the above statement; in fact it would be hard to find a farm containing better soil or producing larger crops, and if you are looking for a good investment you cannot find a better proposition. This farm will average 25 bushels wheat and 60 bushels corn per acre, and the soil has a good clay bottom and will hold any and all improvements put on it. The six large fields have a good natural drainage and there is not a foot of low or springy land on the farm. The corn tillage for this season will be 80 acres.

Will furnish free conveyance from Middletown station to all prospective purchasers any time previous to day of sale. If given due notice The present tenant, Mr. John W. Redgrave, will show any one over the farm and give all information desired.
