ARE NEVER PRINTED IN THE NEWSPAPERS.

Do you know where our best advertising is done?

IN THE STORE.

This TELLING you about things is all right, maybe; but it isn't half as satisfactory as bringing you face to face with your requirements.

SHOWING you is our favorite method. There is no talk that can be half as compelling as the goods themselves.

HERE IS THE BEST OF FURNITURE AT ITS BEST.

Our confidence comes from a knowledge of what's what in Furniture, and the way our stock stands today, we can truthfully say that we never asked anybody to view an assortment that was quite as worthy.

YOU are invited.

MARINERS navigating the waters of the Upper Chesapeake Bay are being warned of a dangerous obstruction near the entrance to the Sassafras River. The wreckage consists of a quantity of large timbers, apparently the wreck of same bridge carried down the Susquehanna by the recent flood, and is very dangerous to navigation. The bottom of the obstruction is fast in the mud, while the top swings with the tide and current.

THE Court of Appeals, in an opinion handed down by Chief Judge Boyd, on Thursday dismissed the bill in the Queen Annes county "trick ballot" case, which has attracted considerable interest. The court reached the conclusion without placing any construction upon the statue, under which the plaintiffs based their contention.

BECAUSE of the higher cost of living, the Pennsylvania Railroad Company will advance the salaries of all employes not receiving $3000 per year. This will mean an increase of from $8,000,000 to $10,000,000 in expenses of the company. The increase will go into effect April 1, 1910.

A VALUABLE farm of 203 acres, will be offered at public sale in front of the Court House door in Chestertown, on Tuesday, May 3, 1910. Also a valuable lot of woodland situated on the public road leading from Millington to Chestertown, containing nine acres. For description and terms of sale of above property, see adv.

Says Long, Hot Summer.— John T. Roberts, of Darby, Pa., a weather sharp who has made good for 42 years as a prognosticator of the seasons, says June will be warm, early June slightly cool, the rest of the month warm, and August red hot all through, with crops affected. He banks on the direction of the wind on the three days of the Spring and Fall equinoxes.

Memorials in Cemetery.—Mr. Wm. H. Kirby, the Chestertown marble dealer, has recently placed some fine memorials in Chester Cemetery. Among the number are: Mrs. Alphonso Rasin, of Worton, has had erected a Barre granite monument in memory of her husband, M. M. Rasin. Miss Sophia Miller, of Lynch, to her sister, Mrs. S. T. Cooper, a Barre granite tablet. Mrs. Ephriam Dill, of Chestertown, to her husband, the late Capt. Ephriam Dill, a marble tablet. Large marble stone to the memory of Mrs. James Roy Micou. Other stones have also been contracted for, but not put in cemetery.

Fish Notes.— A 3000-pound sunfish, thought to be the largest ever captured, was taken off Catalina island by W. N. McMillan, owner of the Ju-Ju Ranch in South Africa and entertainer of Colonel Roosevelt when the former President went to Africa a year ago on his hunting trip. McMillan and Captain Glover, his boatman, declare that the monster took a trolling bait, and that they wrestled with it for an hour and 40 minutes before a launch could be brought near enough to gaff it. Even then it took four men, including McMillan, to keep the monster on the surface and tow it into Avalon Bay, where the prize was piloted to the wharf. Difficulty was had in getting tackle strong enough to hoist the fish from the water. McMillan claims to have landed his prize with a three-six tackle. It is later reported that this fish only weighed 350 pounds when landed!

Former Sheriff George W. Padgett, of Baltimore City, who is a dealer in fish, says he never has seen white perch 14 inches long and says he will give $5 for one of that size. He says he has often seen white perch 13 inches long, but that size seems to be the limit. A white perch 14 inches long, according to Mr. Padgett, would be such a rarity that many people would willingly pay $5 for it. So certain is he that a white perch of that size does not exist, he is willing to pay the money for it. If it does exist, he is willing, he says, to pay for the knowledge. White perch are abundant with other delicacies in the water of the Chesapeake Bay and its tributaries. It may be that some lucky fisherman will be able to claim the reward and convince Mr. Padgett that white perch attain a larger size than that he has placed as the limit. The NEWS man found a foot perch in Captain Johnson's cart in Chestertown Saturday.

Higher Wages.—Becoming effective April 1st, an increase of six per cent, in wages would be made to all permanently employed on the steamers of the Md., Del., & Va. R. R., which includes the Chester river steamers. The increase affects only those who received less than $300 a month.

The increase, it is stated, will benefit about 1,400 employes, and includes those on the 33 steamers operated by the company, and two railroads. The increase it is understood, is in line with the policy of the Pennsylvania Railroad, which controls Baltimore, Chesapeake and Atlantic and the Maryland, Delaware and Virginia companies, and was brought about by the general increase cost of living, and it was requested by the management of the railroad company to extend the increase to the offices and floating equipment of the company.

The annual report of President Pugh showed gross revenue of $782,760, an increase of $39,191, and operating expenses $689,396, an increase of $17,037 over the preceding year. The report said the new steamer "Three Rivers" cost $117,280.

Fortune Telling

Does not take into consideration the one essential to woman's happiness—womanly health.

The woman who neglects her health is neglecting the very foundation of all good fortune. For without health love loses its lustre and gold is but dross.

Womanly health when lost or impaired may generally be regained by the use of Dr. Pierce's Favorite Prescription.

This Prescription has, for over 40 years, been curing delicate, weak, pain-wracked women, by the hundreds of thousands and this too in the privacy of their homes without their having to submit to indelicate questionings and offensively repugnant examinations.

Sick women are invited to consult Dr. Pierce by letter *free*. All correspondence held as sacredly confidential. Address World's Dispensary Medical Association, R. V. Pierce, M. D., President, Buffalo, N. Y.

DR. PIERCE'S GREAT FAMILY DOCTOR BOOK, The People's Common Sense Medical Adviser, newly revised up-to-date edition—1000 pages, answers in *Plain English* hosts of delicate questions which every woman, single or married ought to know about. Sent *free*, in plain wrapper to any address on receipt of 21 one-cent stamps to cover mailing only, or in cloth binding for 31 stamps

Picknell 35381

Record 2.15¼, Made in Third Heat of Winning Race.

Bred by C. W. Williams, Galesburg, Ill. Foaled 1901. A model in every way. His size, 15.2 hands, weight close to 1050 pounds, and color mahogany bay, are ideal. His disposition and manners are perfect. His breeding, the highest of fashion—a son of the greatest sire of his age, living or dead, Allerton 2.09¼, the sire of Picknell he has 202 in the list, world's champion trotting stallion to high wheels, from one of the greatest producing daughters of Baron Wilkes 2.18, the famous Futurity sire, which has 131 in the list. Jay Bird 2.31¾, the sire of Allerton has 131 in list. A race horse himself, never having worn hobbles nor other false rigging; started green in the late summer of 1906 in six races, winning two of them, and was well up into the money the other four, he has, (though prominent horsemen have pronounced him capable of a record of 2.05 or better) been retired to the stud, sound, clean, superbly handsome, with vigor and vitality unimpaired, saving for his offspring what a mere racing-machine wears out on the track.

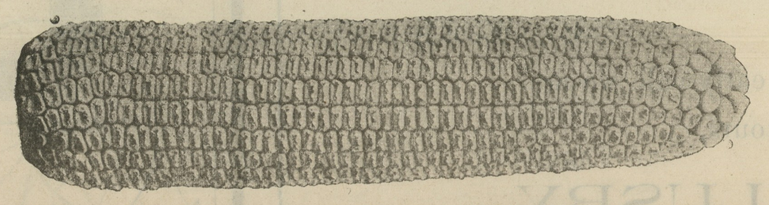

PICKNELL will make the season of 1910 at my stable, Kent and Calvert Staeets, Chestertown, Kent Co., Md., at $15.00 the season, or $25.00 to insure approved mares.

Will not be responsible for accidents or escapes, but best care taken of mares sent to me. For extended pedigree that will interest any horseman or for fuller particulars call on or address

Warner's Gold Standard Yellow Dent Corn

PHOTOGRAPHED BY BENSON, EASTON, MD.

This is the earliest high yielding YELLOW DENT CORN that has yet been produced. I have been breeding this variety since 1893 and the average yield per acre of this variety has steadily increased until this year my entire cultivatian produced an average yield of 85½ bushels shelled corn per acre, and was two weeks earlier in maturity than other varieties. Never have I had better seed corn than I have today. The germation is as perfect as **IT IS POSSIBLE TO GET CORN TO GROW.** Write for Free Circular giving prices and my methods of Corn Breeding and Testimonials from **FARMERS WHO HAVE BOUGHT SEED CORN OF ME.**
