The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, brick-dust or sediment in the urine, head ache, back ache, lame back, dizziness, sleeplessness, nervousness, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and better health in that organ is obtained quickest by a proper treatment of the kidneys. **Swamp-Root** corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and immediate effect of Swamp-Root, the great kidney remedy is soon realized. It stands the highest because of its remarkable health restoring properties. A trial will convince anyone.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, and don't let a dealer sell you something in place of Swamp-Root—if you do you will be disappointed.

HOW TO CURE RHEUMATISM.

It Is an Internal Disease And Requires an Internal Remedy.

The cause of Rheumatism and kindred diseases is an excess of uric acid in the blood. To cure this terrible disease this acid must be expelled and the system so regulated that no more acid will be formed in excessive quantities. Rheumatism is an internal disease and requires an internal remedy. Rubbing in Oils and Liniment will not cure, affords only temporary relief at best, causes you to delay the proper treatment, allows the malady to get a firmer hold on you. Liniments may ease the pain, but they will no more cure Rheumatsim than paint will change the fibre of rotten wood.

Science has at least discovered a perfect and complete cure, which is called "Rhumacide." Tested in hundreds of cases, it has affected the most marvelous cures; we believe it will cure you. Rheumacide "gets at the joints from the inside," sweeps the poison out of the system, tones up the stomach, regulates the liver and kidneys and makes you well all over. Rheumacide "strikes the root of the disease and removes its cause." This splendid remedy is sold by druggists and dealers generally at 50c and $1 a bottle. In tablet form at 25 and 50c a package. Get a bottle to-day. Booklet free if you write to Bobbitt Chemical Co., Baltimore, Md. Trial bottle tablets 25c by mail. 15Jan4m.

ODD FELLOWS TO HOLD RALLY.

Tuesday, April 12th, promises to be a Red Letter Day for Odd Fellowship at Easton when a rally will be held under the auspices of Miller Lodge No. 18, Independent Order Odd Fellows of Easton. The Initiatory and Three Degrees of the Order will be conferred by the degree staff of Warren Lodge No. 71 of Baltimore under the direction of Colonel George W. McGill who is a native of Talbot county. This staff is considered one of the best in the country and will bring with them their complete outfit of paraphernalia, etc. Not only will Miller Lodge have a large class of candidates but lodges throughout the Eastern shore will send candidates for the First, Second, and Third Degrees. Miller Lodge will make an effort to have their entire membership present and will have as their special guests Talbot Lodge No. 137 of Trappe. Besides there will be delegates from all parts of the peninsula. Grand Secretary William A. Jones and a number of Grand Officers will also attend. Much interest and enthusiasm is being manifested by Odd Fellowship at present in this part of state. Many of the lodges are adding to their membership daily. New lodges are being started and several Rabekah Lodges will be instituted in the near future. The Encampment Branch is also showing satisfactory progress and the prospect is bright for one or more Cantons on the Eastern Shore.

The annual session of the Grand Lodge of Maryland will be held in Baltimore April 18th and 19th when Miller Lodge will place Past Grand J. Frank Turner in nomination for Grand Warden. The Order of Odd Fellows is the largest fraternal order in the world, numbering 2,000,000 members and expending $6,000,000 a year for relief purposes. It started in Baltimore April 26th, 1819, and its growth has been marvelous, now extending to all parts of the world.

FEEDING EWES AT LAMBING TIME.

According to estimates made by the Virginia experiment station, over 6 per cent. of lambs born in that state died last year because their mothers did not have sufficient milk to support them. Investigation shows that the cause for this lack of milk was due to unwise feeding before and after lambing. One sheep breeder lost 37½ per cent. of his lambs from this cause. Before lambing time he fed the ewes corn fodder and timothy hay. After lambing he fed bran and cut fodder. This shows that it is a great mistake to feed sheep on timothy hay or corn fodder either before or after lambing.

Neither of these feeds contains enough protein or succuience to make milk. This man says that if he had had 500 bushels turnips he could have saved all his lambs.

Accepts Call to Wye Mills.—Rev. H. W. Ticknor, of Carnegie, Pa., has accepted a call from the vestry of Wye Parish, Queen Anne's county, and will hold service at St. Luke's Church, Queenstown, Md., the first Sunday in April. Rev. Ticknor succeeds Rev. G. Croft Williams, who last November resigned to accept a call from a parish in South Carolina, his native State.

WORTH MOUNTAINS OF GOLD

During Change of Life, says Mrs. Chas. Barclay

Graniteville, Vt. — "I was passing through the Change of Life and suffered from nervousness and other annoying symptoms, and I can truly say that Lydia E. Pinkham's Vegetable Compound has proved worth mountains of gold to me, as it restored my health and strength. I never forget to tell my friends what Lydia E. Pinkham's Vegetable Compound has done for me during this trying period. Complete restoration to health means so much to me that for the sake of other suffering women I am willing to make my trouble public so you may publish this letter." — MRS. CHAS. BARCLAY, R.F.D., Graniteville, Vt.

No other medicine for woman's ills has received such wide-spread and unqualified endorsement. No other medicine we know of has such a record of cures of female ills as has Lydia E. Pinkham's Vegetable Compound.

For more than 30 years it has been curing female complaints such as inflammation, ulceration, local weaknesses, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration, and it is unequalled for carrying women safely through the period of change of life. It costs but little to try Lydia E. Pinkham's Vegetable Compound, and, as Mrs. Barclay says, it is "worth mountains of gold" to suffering women.

Good results always follow the use of Foley's Kidney Pills. They give prompt relief in all cases of kidney and bladder disorders, are healing, strengthening and anti-septic. Try them. For sale by all druggists. J. T. Power, Millington, Md.

SPIKE, SPRING TOOTH AND DISC HARROWS

IMPERIAL DOUBLE DISC CUTAWAY HARROWS

It harrows the ground twice in operation, saving the labor of one man and two horses. It enables the farmer to do his work in one half the time, making the most favorable weather and soil conditions. It gives better results than other harrow and leaves the ground in better condition.

In construction the Imperial Double Disc consists of a complete out-throw harrow with a second harrow (in-throw) attached by a flexible frame. The forward harrow cuts the soil and throws it outward; the rear harrow works it again and throws it back, leaving the surface finely divided and perfectly level. The rear gangs follow the front gangs in turning and the dirt is not thrown up in ridges at the corners. Every inch of ground is pulverized and leveled. The rear gangs may be quickly and easily detached and the machine used as a siugle disc harrow, if desired.
