EVERYTHING is soaring—even taxes.

KENT COUNTY has no aviators, but when it comes to taxes, it beats all!

POLITICS entered into the making of the $1.85 tax rate to the extent of 30 or 40 cents!

CHESTERTOWN will feel the loss of the students now that the college is closed, *especially the girls.*

THE tax-payers of Kent county have been unnecessarily burdened with at least 35 cents on the $100 and all for the purpose of making political capital.

HERBERT E. PERKINS, Esq., requests us to state that he is a candidate for State's Attorney of Kent county. Harry W. Vickers, Esq., is also a candidate for the same office.

THE future of Washington College is wrapped up in the work of the alumni and the men who manage the institution. Do not let your interest lag, as would seem to be the case during the past week.

THE auditors have finished their work and made their report but the purpose for which they were alleged to have been appointed has failed to materialize. They have simply done what any fair accountant or book-keeper could do and what the auditors of Kent county accomplished every year. *It was a needless expense* and simply another proof of the hollowness of the Barroll faction.

HON. J. E. ELLEGOOD, of Salisbury, attended the commencement exercises this week. Mr. Ellegood is one of Maryland's best citizens who deserves a high place. He was one of the first men to raise his voice against bribery at elections and at the same time a Democrat of the highest type. Wouldn't he make a fine successor to Dr. J. W. Hering in the Comptroller's office?

"We're finding out things," was the claim of the Barroll faction when expert auditors at $10 per day were at work. Now their report is finished we find nothing startling nor what any taxpayer could not have seen in the levy when it is published. They hoped to find a mare's nest but have been sadly disappointed. Mr. Charles L. Dodd, the clerk of the last board, *hid nothing* but kept the affairs in perfect shape and so that every tax-payer could tell at a glance the county's condition. The reflection cast upon him and the board by his traducers will prove a boomerang. They made charges and have not been able to sustain them. Mr. Dodd's work and record has been verified by $10 a day experts!

DR. W. FRANK HINES HONORED.

Dr. W. Frank Hines has been appointed head of the department of vital statistics of the State Board of Health. This is a very important position and we congratulate him upon the honor. It will necessitate him resigning as Superintendent of the Bureau of Immigration, a position which he has filled with credit to himself and to Kent county. The Board of Health is fortunate in obtaining the services of such an experienced and able physician as Dr. Hines.

WHAT CAN BE DONE?

Tax-Payers From Every Part of Kent County Cry Out Against The Iniquitous Tax Rate.

The publication of the $1.85 tax rate in the NEWS last week has stirred the people to a high pitch of indignation and resentment. The effort to put the blame on some one else has failed notwithstanding the blare of trumpets and beating of drums which preceded the action. The public were prepared for an additional 20 cents tax because of the popular and economical road law advocated by taxpayers generally. This law says that the Commissioners *shall* levy 20 cents on the $100 for use of the roads. Last year the amount spent on roads was nearly doubly this sum. But when $30,000 or $40,000 *of next year's bills were levied in advance* the taxpayer is unnecessarily burdened. He is asked to pay this year's bills and also a greater part of next year's!

What can be done?

The Courts might be asked to enjoin the levying of such a tax but for the fact that the levying of taxes is left almost entirely in the discretion and judgment of the County Commissioners. Under such conditions it is for the taxpayers to ask for new laws at the coming Legislature so as to prevent a repetition of such action.

This is the only redress at present. Next year the Barroll faction which levied this onerous and unjust burden will be before the people for vindication. That will be the people's opportunity to show either their resentment or *appreciation.*

$1.85 is the county rate, which, with the State tax of 16 cents, is $2.01—the highest rate of any county in the State! What a record?
