Manure Spreader Talk

IT IS A FACT that the Manure Spreader is here to stay just as much so as the binder, the farm wagon or the plow. Therefore, it is necessary in the purchase of a Spreader to try and get the best. After carefully going over various makes we believe we present the leader in machines of this kind when we offer the

Corn King

The main frame has two substantial side sills and five cross sills. This material is all air dried which gives it longer life.

The frame is well braced, each cross sill is strengthened by a steel truss rod which acts as a brace in center of sill and prevents sogging.

The apron on the Corn King Spreader is of the return tyre—that is, as it delivers the load to the beater and it folds back under the spreader bed on steel track. When the entire load is fed out it throws itself out of gear and is then returned to the loading position by means of a clutch.

Further information can be had from our Catalogue which is FREE for the asking.

FAIRFIELD'S FEED BLOOD TONICS POWDERED OUTLIVE

A SEPARATE PREPARATION FOR HORSE, COW, HOG AND POULTRY

GREATEST KNOWN BLOOD PURIFIERS

The working capacity of any horse can be practically doubled by feeding FAIRFIELD'S BLOOD TONIC for HORSES regularly. It exterminates worms, builds up the health and saves feed.

The farmer that sowed wheat all over his farm and expected to reap a crop of wheat, oats and corn from same, would be more foolish than the man who feeds his horse, cow, hog and poultry from the same package of Condition Powder and expects to get results. The intelligent farmer feeds FAIRFIELD'S, because there is a separate preparation for each kind of animal.

The Kent County Savings Bank

is a vigorous and well established concern, and has perfected an organization that is SAFE, SOUND and SUCCESSFUL.

In the field of liberal and careful banking this institution has had an experience of seventeen years; and from being a pioneer in the matter of paying interest on deposits, it has today become a veteran.

With the confidence born of such a policy we without hesitation solicit your account, feeling satisfied that it will be to your advantage to belong to a progressive bank like this and awake to the possibilities of the future.

We take any amount, large or small, and extend the same courtesy to all.

BOLGIANO'S RECLEANED COW PEAS

WILL MAKE YOU RICH.

Sow them for hay crops, for forage crops after grain crops, on vacant land. Put Cow Peas in every available piece of land you have. They will wonderfully increase the value and productiveness of your entire farm. We strongly recommend the sowing of Mixed Cow Peas. They are composed of Blacks, whip-poor-wills, clays, wonderfuls, Shinneys, Etc. The upright growing varieties will hold up the vining varieties of vines and larger amount of forage.

J. Bolgiano & Son, Baltimore, Md:

The Agricultural Department of Washington referred me to you for Alfalfa, Cow Peas and Irish Cobbler Potatoes.

DESTRUCTIVE LIGHTNING.

Building Fired—Animals Killed—Several Persons Shocked.

Kent and Queen Anne's counties have experienced severe thunder storms recently. Sunday afternoon a bolt of lightning struck the 30x60 stable of Mr. Willard Dodson, near Worton Station, and in a few minutes it was entirely destroyed by fire, and only by the hard work of Mr. Dodson's family and neighbors was the adjoining sheds and barn saved. It was insured in the James G. Beck agency for $1000. The son of Mr. Dodson, who was out in the yard, was shocked by the lightning and a sheep in a nearby field was instantly killed.

The wind in this section was also nearly cyclonic, and trees were blown down on the farms of Messrs. Perry Rasin, F. H. Cornelius, Willard Dodson, George Rash and other places. Corn was also blown down.

At Church Hill lightning struck four times one bolt hitting the door of the school house and breaking it in.

At Sudlersville what came very close to being a serious accident occurred. The lightning struck a tree just in front of a door in which Mr. W. R. Redden was sitting, knocking him across the room and rendering him unconscious for nearly an hour. Strange to say, Mrs. Redden and little daughter, Carolyn, who were in the same room, did not feel the shock at all, but the colored girl in the adjoining room was affected nearly as bad as Mr. Redden. Sixteen window lights in the house were broken and fourteen fence posts were shattered and the wires torn loose. Mr. Redden complained of pains in his head and body most all of the day.

Thomas Conner had two cows struck by lightning.

Building Burned.—The frame dwelling owned and occupied by Mr. Wm. E. Simms, at Rock Hall was destroyed by fire early Monday morning. It is not know how the fire originated. The loss on the building and contents was about $2,000 partly insured in L. B. Russell's agency.
