Assessors Finish 7th District.

The Kent County Assessors have finished their work in the Seventh District. They are not allowed to give to the public the figures, but it is said that the total Assessment for this district is much higher than it has been. It took 22 days to finish this district. The people in this district were very pleasant to deal with and only in two cases did they have any trouble in reaching a satisfactory basis. They will take up the 5th district next.

Manure Spreader Talk

IT IS A FACT that the Manure Spreader is here to stay just as much so as the binder, the farm wagon or the plow. Therefore, it is necessary in the purchase of a Spreader to try and get the best. After carefully going over various makes we believe we present the leader in machines of this kind when we offer the

Corn King

The main frame has two substantial side sills and five cross sills. This material is all air dried which gives it longer life.

The frame is well braced, each cross sill is strengthened by a steel truss rod which acts as a brace in center of sill and prevents sogging.

The apron on the Corn King Spreader is of the return tyre—that is, as it delivers the load to the beater and it folds back under the spreader bed on steel track. When the entire load is fed out it throws itself out of gear and is then returned to the loading position by means of a clutch.

Further information can be had from our Catalogue which is FREE for the asking.

FAIRFIELD'S FEED BLOOD TONICS POWDERED
A SEPARATE PREPARATION FOR HORSE, COW, HOG AND POULTRY

GREATEST KNOWN BLOOD PURIFIERS

The working capacity of any horse can be practically doubled by feeding FAIRFIELD'S BLOOD TONIC for HORSES regularly. It exterminates worms, builds up the health and saves feed.

The farmer that sowed wheat all over his farm and expected to reap a crop of wheat, oats and corn from same, would be more foolish than the man who feeds his horse, cow, hog and poultry from the same package of Condition Powder and expects to get results. The intelligent farmer feeds FAIRFIELD'S, because there is a separate preparation for each kind of animal.

THE FAIRFIELD PREPARATIONS ARE SOLD UNDER WRITTEN GUARANTEE BY
