Temporary Heat Quickly

Did you ever stop to think of the many ways in which a perfect oil heater is of value? If you want to sleep with your window open in winter, you can get sufficient heat from an oil heater while you undress at night, and then turn it off. Apply a match in the morning, when you get out of bed, and you have heat while you dress.

Those who have to eat an early breakfast before the stove is radiating heat can get immediate warmth from an oil heater, and then turn it off.

The girl who practices on the piano in a cold room in the morning can have warmth from an oil heater while she plays, and then turn it off.

The member of the family who has to walk the floor on a cold winter's night with a restless baby can get temporary heat with an oil heater, and then turn it off. The

PERFECTION SMOKELESS OIL HEATER

Absolutely smokeless and odorless

is invaluable in its capacity of quickly giving heat. Apply a match and it is immediately at work. It will burn for nine hours without refilling. It is safe, smokeless and odorless. It has a damper top and a cool handle. An indicator always shows the amount of oil in the font.

It has an **automatic-locking flame spreader** which prevents the wick from being turned high enough to smoke, and is easy to remove and drop back so that the wick can be cleaned in an instant.

The burner body or gallery cannot become wedged, and can be quickly unscrewed for rewicking. Finished, in japan or nickel, strong, durable, well-made, built for service, and yet light and ornamental.

Dealers Everywhere. If not at yours, write for descriptive circular to the nearest agency of the

The Reason Why

We Sell More

Building Materials of all Kinds

Lumber and Mill Work

Than Our Competitors

Is Because We Undersell Them

Our Prices are always less than the other fellow wants for the same goods. If you don't believe it, ask us for a price on something. We are after the business, and to get it we will give prices that can't be beat. Don't be misled on **Quality** and **Grading**. You know there's a difference, but you can't always detect it. The unscrupulous dealer knows this and takes advantage of your inexperience by giving you lower grade than you pay for. Our **Quality** is absolutely guaranteed. Our **Grading** is standard among the thousands **Who Know. Send Us An Inquiry To-day.**

We're out to undersell the other fellow and save you money—and we do it.

THE new system of pensioning which will probably be adopted by the Pennsylvania Railroad Company will call for the voluntary retirement of all employes at the age of sixty years and a compulsory retirement at sixty five. This will enable the men to retire five years sooner than is allowed by the present pension plan, and it is said that it would affect about eight per cent. of the employes of the Pennsy. The movement for this new system was started by the brotherhoods and a plan of paying two cents a day into the fund was adopted.

A Clean Man

Outside cleanliness is less than half the battle. A man may scrub himself a dozen times a day, and still be unclean. Good health means cleanliness not only outside, but inside. It means a clean stomach, clean bowels, clean blood, a clean liver, and new, clean, healthy tissues. The man who is clean in this way will look it and act it. He will work with energy and think clean, clear, healthy thoughts.

He will never be troubled with liver, lung, stomach or blood disorders. Dyspepsia and indigestion originate in unclean stomachs. Blood diseases are found where there is unclean blood. Consumption and bronchitis mean unclean lungs.

Dr. Pierce's Golden Medical Discovery

prevents these diseases. It makes a man's insides clean and healthy. It cleans the digestive organs, makes pure, clean blood, and clean, healthy flesh.

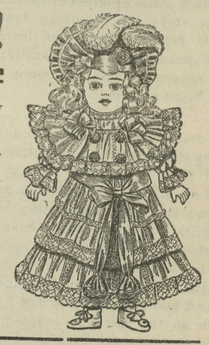

It restores tone to the nervous system, and cures nervous exhaustion and prostration. It contains no alcohol or habit-forming drugs.

Constipation is the most unclean of uncleanliness. Dr. Pierce's Pleasant Pellets cure it. They never gripe. Easy to take as candy.
