IN FOREIGN CLIMES

Well-Known Kent Countian Traveling—Live Budget of News From Rock Hall.

Mr. Thomas R. Reiche, one of Kent's sons, seems to be a much traveled young man. Leaving here two years ago he went to Jacksonville, Fla., staying there seven months then going to New Orleans, remaining one week reveling in oysters the equal of the Chesapeake bivalve and taking in the old French Quarters, "a thing of beauty and a joy forever." Then he went to California, stopping a short while in Texas, New Mexico and passing over the highest bridge in the world which is said to be 800 feet above the river, causing the stream to look like a silver thread. Then going to Tusun and Yumor cities in Arizona, spending a few days in each. These towns are hustlers where plenty of work can be obtained in any line, but the climate is extremely hot. Leaving these places he went to Frisco for a week, mingling with people of all nationalities. He found many thousands of people unemployed by reason of "nothing doing." Then taking ship for 500 miles on the Pacific, Tom struck Los Angeles. That sea trip was the worst ever. He could feel his stockings crawling up to his throat. He landed O. K. however and in a day or two found plenty of employment at his trade of painting and paperhanging, tarrying there up to October last, when he and three companions started for the Mozart Desert by auto 400 miles East of Los Angeles. This trip was a most exciting one over hills, through valleys and in perils oft. They finally located in the Signal Mining District in San Bernardino county, Cal., where they have been engaged in mining ore ever since, but the weather is becoming so hot that they are about to return to Los Angeles until next October when they will go back to the diggings. Tom says his experience in the Desert has been a thrilling one with many privations. The weather there is hot and dry, they have to haul the water they need 18 miles and pay 10 cents a gallon for it. Nothing in the shape of vegetation is seen save small shrubbery and spanish needles. Firewood they get as best they can. Notwithstanding all this they are doing well mining and are having a "corking" good time. Mr. John M. Collison of this place has just received from his friend Tom, a bag of specimen ores among which are a white quartz known as Vanadium, used in manufacturing steel and in medicine. By rubbing two pieces together a most beautiful light is produced. Another specimen is copper but not of much value. Another is Red Galena, which is a lead substance; still another is Walfinite, which is used in toughening and hardening steel. Another is a gold ore and is worth $125 per ton just as it is dug.

A package of peculiar seeds from the Pute Springs, was sent to Mrs. Collison which she will plant. It is presumed the seed are from a gourd.

Notwithstanding the inclination of the weatherman to be rude on Sunday, the day was observed with joyous Easter greetings and special services in the churches here. At the M. E. Pastor Corkran delivered a specially fine Easter sermon and the Sunday school held its Easter entertainment in the church at night. A splendid program was delightfully rendered. The pulpit and space within the chancel rail was tastefully decorated with potted plants.

Spring costumes? Never was there a more handsome or as general a display of spring suits on Easter Sunday than was seen last Sunday in this section. Hats were of all styles and colors, but stunning in the extreme.

The State Fire Marshall and his "pal" were here last week investigating the recent fire but left on Thursday with not even a clue as to the origin of the fire. Rock Hallites are incapable of incendiarism.

Oystermen hereabout are sitting up and taking note of those proposed amendments to the Haman Oyster Law by the Shellfish Commission. As a consequence Messrs. Beck, Foxwell, Ayres, Redmile, Miller, Harris, Dr. Beal "et al" will find themselves bucked up against interogatories on the oyster question while hunting votes.

Among those within our gates Eastertide were Miss Anna M. Ayres, our erstwhile good friend and brother, Wm. H. Ayres and LeRoy Boyer.

Mr. Joseph Downey has completed his kiln for burning shells and began converting the shells into lime on Monday. He has the shells conveyed right from the shuckers and dumped into the kiln.

The I. O. O. F. Annual Convention being held in the city this week, Mr. B. H. Coburn has been in attendance as the representative of the Lodge at this place.

Messrs. C. S. Porter and W. W. Clayton are also attending the Jr. O. U. A. M. Convention in Frederick City this week as representatives of the Order here.

Long a victim of the White Plague, Capt. Joseph Sewell, departed this life on Friday of last week leaving behind to mourn his loss a widow, and several children, a father, four brothers and three sisters. The funeral services took place on Monday according to the rites of the Seventh Day Adventist Church. Joe was a good citizen, neighbor and Frater. He was a member of the Jr. O. U. A. M.

People of this section are well pleased at the return of the M. P. minister, Rev. Mr. Dupuy for another year of faithful pastoral work.

CHURCH NOTES.

Sunday was a red letter day in the churches of Kent county and from all parts of the county come excellent reports of fine attendance, fine sermons, good music and pretty flowers.

Emmanuel Church, Chestertown, was largely attended and specially fine music was rendered under the direction of the organist, Miss Olevia Wilkins.

Dr. H. B. Martin gave a splendid sermon to the Masons Friday evening. The choir consisting of Mr. and Mrs. W. W. Chapman, Mrs. Allan Harris, Mrs. Henry, Miss Isabelle Beck and Mr. Thomas W. Perkins rendered splendid music.

Services in the Presbyterian churches every Sabbath at the usual hour.

The Women's Foreign Missionary Society met at the home of Mrs. Harrison Vickers Tuesday afternoon.

Chestertown M. E. Church, Rev. L. E. Barrett, D. D., pastor — services next Sunday, April 23, as follows: 10.30 a. m., preaching by the pastor, subject, "What Came After"; 2.15 p. m., Sabbath school and pastor's bible class; 7 p. m., Epworth League; 7.30 p. m., preaching by the pastor. All invited—short, interesting, instructive.

The M. E. Church services were attended by full congregations. The singing by the choir, under the leadership of Mrs. Merrick Clements, was splendid. The chancel was a bower of palms, potted plants and bright flowers. On the pulpit platform was a large white cross covered with white lilies. The effect was impressive and charming. The sermons were listened to with rapt attention.

At Christ M. P. Church in the morning a large congregation listened to an able sermon from Dr. F. T. Little while the choir comprising Mrs. J. H. Sides, Misses Edith Fallowfield, Hope Sappington, Reba Davis, Mr. and Mrs. J. H. Thompson, Mr. and Mrs. Fred. G. Usilton, Arlington L. Sparks, Webster Hague, rendered two Easter anthems. The church never looked prettier with its potted plants, blooming flowers and beautiful natural surroundings. At the close of the service nine persons united with the church making a most beautiful and fitting climax to the morning program. At the evening service a union program was presented including beautful Easter carols, addresses, etc.

Rev. E. L. Bunce, of Virginia, will fill the pulpit at Christ M. P. Church Sunday, Dr. Little being at Western Maryland College for the day.

Two hundred splendid singing canaries Sunday for a few moments caused consternation among the worshipers at the Central Congregational Church, Philadelphia. The little birds were released in the church at the morning services just before the sermon and while the choir was singing.

Once free the feathered songsters flew in all directions, some alighting on the new Easter bonnets of the women worshipers, while others flew to the flowers which decorated the body of the church.

Some of the women at first seemed to resent the use of their hats as roosting places and added to the fear of the little creatures by shaking them off and aiming what appeared to be rather unkind blows at the birds. The idea of releasing the canaries originated with Rev. G. L. Kloss, pastor of the church.

Christ Methodist Protestant Church, April 23, preaching at 10.30 a. m. and 7.30 p. m. by Rev. E. L. Bunce, of Hallwood, Va., Sunday school 2.30 p. m., Christian Workers 6.45 p. m., Junior C. E. Meeting 6 p. m. A hearty welcome to all the services.

At the principal service at Shrewsbury on Easter Day a large congregation assembled and took part in as fine a service as was ever held in the old church. The decorations were beautiful, daffodils being used in profusion, in addition to many handsome plants in pots. The musical program, which was well rendered, was as follows:

Processional, Hymn 111 ..... *Rimbault*
"Christ Our Passover" ..... *Erwin Reade*
Te Deum Laudamus ..... *Erwin Reade*
Benedictus ..... *Anon*
Introit, Hymn 118 ..... *Elvey*
Kyrie ..... *Elvey*
Gloria Tibi ..... *Anon*
Sermon Hymn 112 ..... *Worgan*
Offertory (organ) Will Kommen ..... *Ganschols*
Sanctus ..... *Camidge*
Agnus Dei ..... *Erwin Reade*
Gloria in Excelsis ..... *Old Chant*
Trunc Dimittis ..... *Turle*
Recessional, Hymn 115 ..... *Tours*

The annual "Egg Hunt" was held in the grounds at Shrewsbury church on Easter Monday. A short service in the church by the rector preceded the hunt, which was participated in by a large number of children. After all the eggs had been secured cake and lemonade was served at the rectory. The children thoroughly enjoyed themselves, some going so far as to declare they had the "time of their lives."

The Lynch M. P. Church will give a supper at the home of Mrs. Lizzie O'Neal on Saturday, April 29.

Services at St. James M. P. Church will begin on Sunday mornings throughout the year at ten with preaching at eleven o'clock.

A beautiful and inspiring service was manifested in Lynch M. P. Church on Easter Sunday. Five adults were received into the church. The special music rendered was excellent. Aromatic flowers ornamented the room and served to heighten the general effect. The people were devout in their worship. We felt a nearness to God in our search for the Truth, and a consciousness that Jesus Christ was not dead but among the living.

There will be preaching Providence permitting in the Presbyterian Churches every Sabbath. Westminister 10.30 a. m. Grace 3 p. m. Worton 7.30 p. m.

HERE'S A WAY TO SAVE DOCTOR BILLS.

Physicians Give Free Advice By Which Parents May Profit.

It's a matter of general interest just now how one's physical condition can be got into shape to best receive the benefits of the summer season. Especially is this true of the children. They have become run down by a winter of unnatural manner of living because of ill-considered food and much time spent indoors. Spring comes with its sunshine, its fresh vegetables and all else invigorating, but the children are in no condition to receive nature's remedies.

Many parents call in the family physician. Many good parents take advantage of what the physician told them when he was first called in consultation. All good family physicians say: "Give the children Castoria." Healthy parents know this remedy of old, for they took it themselves as children. It was more than thirty years ago that Castoria made a place for itself in the household. It bore the signature of Charles H. Fletcher then, as it does today. The signature is its guarantee which is accepted in thousands of homes where there are children.

Much is printed nowadays about big families. Dr. William J. McCrann, of Omaha, Neb., is the father of one of these much-read-about families. Here is what he says:

"As the father of thirteen children I certainly know something about your great medicine, and aside from my own family experience I have, in my years of practice, found Castoria a popular and efficient remedy in almost every home."

Charles H. Fletcher has received hundreds of letters prominent physicians who have the same esteem for Castoria that Dr. McCrann has. Not only do these physicians say they use Castoria in their own families, but they prescribe it for their patients. First of all it is a vegetable preparation which assimilates the food and regulates the stomach and bowels. After eating comes sleeping, and Castoria looks out for that too. It allays feverishness and prevents loss of sleep, and this absolutely without the use of opium, morphine or other baneful narcotic.

Medical journals are reluctant to discuss proprietary medicines. Hall Journal of Health, however says: "Our duty is to expose danger and record the means for advancing health. The day for poisoning innocent children through greed or ignorance ought to end. To our knowledge Castoria is a remedy which produces composure and health by regulating the system, not by stupefying it, and our readers are entitled to the information."

BETTERTON NOTES.

Mrs. Dashiels has returned to Baltimore after spending some time with her daughter, Mrs. Franklin Young, on Ericsson avenue.

Mr. and Mrs. Medford H. Crew, of Philadelphia, are visiting friends here.

Mrs. M. V. Heather is visiting her sister, Mrs. A. P. Emerson.

Miss Florence Jewell spent Easter at home, Jewell Cottage.

It looks as if Mrs. Anna Brice will get a free pew in the new church when it is built. She is in lead of raising funds on her square in the name quilt.

Mrs. Lillian Heavalow is spending some time with her mother, Mrs. Alfred Greenwood.

Mr. and Mrs. Dr. MacDonald and interesting son and daughter spent Easter with Mr. and Mrs. Harvey Brice, on Bayside.

Miss Leonard and Miss Anna Gallagher spent the holidays with Mrs. Clarence Newsome.

Mr. and Mrs. Frank Clark and family, of Chestertown, spent Monday with friends in the village.

Betterton's bakery is making fine bread. We hope this will prove a success and be continued with the same effort that its hustling proprietress, Mrs. M. V. Turner, has begun.
