PUBLISHERS AND EDITORS.

SATURDAY, JULY 22, 1911.

THE Slavery or Barroll ticket in Kent will be defeated by a large vote. Some estimate the majorities from 250 to 500.

IN another column will be found two interesting communications on local issues. Sales of personalty have crowded out other editorial matter.

THE indications point to one of four men as the winning candidate for Governor, viz., Crothers, Burke, Gorman or Lee. The latter is the only pronounced candidate.

THE day selected for the primaries, Tuesday, will enable the Seventh Day Adventists to record their votes, a privilege not heretofore enjoyed. They are independent thinkers, opposed to Bossism and Slavery.

IT takes a high-souled man to request his friends not to traduce the character, or make insulting remarks concerning the private affairs of his opponent in a political campaign.

"You can put this in the paper if you want to, but be sure you get it straight this time," were the words used by a prominent preacher in one of Kent's churches Sunday morning. His remarks were on the subject of fidelity to duty in places of trust.

THE election of Mr. Wilbur W. Hubbard, of Chestertown, as president of the National Fertilizers Association at the Convention held at Atlantic City this week, was a high compliment to our fellow townsman. The Association also honored itself in electing Mr. Hubbard. He is an aggressive, intelligent and careful business man and a citizen whom we highly prize. Congratulations.

WM. W. CLAYTON, candidate for sheriff from Rock Hall was in town Tuesday. He has resigned as rural mail carrier and is hustling for votes. Mr. Clayton says the voters of Rock Hall are incensed that Mr. Walter Hadaway should profess to carry the district in his vest pocket and that a different result will be told on August 29th. He is a sober, intelligent, honorable and industrious young gentleman deserving the votes of all good citizens.

THE COMPARISON.

Under the old road system the roads cost from **$30,000 to $40,000.** Tax rate $1.85 in 1910.	During first yea under the new road law the roads cost **$16,000!** Tax Rate $1.22 in 1911. Will be less in 1912.

Mr. Tax-Payer are you interested in having *this system continued and your taxes decreased.* This is one of the planks of the platform on which the Organization asks support.

MUDSLINGING AND MISREPRESENTATION.

The Barroll organ some weeks ago promised the public to cease mud-slinging, but like the drunkard who swore off, the habit had so fastened itself on him that he soon fell from grace. Week after week the characters of men have been assailed in the most reckless manner so that men in all walks of life have been targets. Of course this sort of stuff is making votes for the Organization. The NEWS has refrained from calling attention to the fact until this time. Last week a climax was reached in bold-faced and deliberate misrepresentation.

Mr. C. Brad. Dudley, that indefatigable worker and courteous commissioner of the First district, was quoted as saying that the organization had no chance of winning, etc. Mr. Dudley not only made no such statement, but to the contrary, thinks the people opposed to Bossism and slavery will win a great victory. In Millington precinct the voters are alive to their interests and will poll a big vote for Beck, Redmile, Ayres, Jones, Ernest and other organization candidates. Mr. Barroll's treatment of one of Millington's best citizens has not been forgotten and they do not intend to give him another chance for such conduct.

But the following shows the desperation of the Barroll organ and his cause:

"MR. BECK GIVES UP FIGHT.

Mr. Wm. W. Beck, Organization candidate for the Senate, has acknowledged within the last two weeks that he does not expect to be nominated, but that he is making this fight in order to make a good showing for the future. Has Mr. Beck got his eye on the judgeship fight next year? &c."

What do you think of such a statement? Do you wonder now how they could misrepresent such men as Hon. James A. Pearce, Dr. Louis E. Barrett and others? Do you think they believed this falsehood when it appeared in the Barroll organ? No, indeed. But when a man or set of men become maddened because of defeat staring him in the face he says and does things which are past comprehension.

In short, the statement was a falsehood and simply in keeping with so many others appearing in the Barroll organ during the past year.

A FRIEND of H. W. Vickers, Jr., was in the NEWS office Saturday and stated that Mr. Vickers would get over 500 majority in the primaries to be held August 29th.

ONE of Mr. Barroll's first lieutenants conceded the nomination of Wm. W. Beck, Esq. Why not be honest and admit the whole thing! Kent county will never submit to Barrollism.

THE road bills of Kent county for June and up to July 15th have been presented to the Board of Commissioners but because of no funds these bills are unpaid. They will be attended to by the Commissioners as soon as possible.

WHOSE ARITHMETIC IS IT?

Messrs Editors:—

Kindly allow we space for a few lines in your excellent paper that I may say some things about the immense amount of figuring the "Boss," his Organ and his Clerk have been doing for many months on the road bills, the Gibbs bills and the Organization bills.

Their combined effort has been strenuous and resourceful, until their divisions, subtractions, additions, multiplications, justification, hallucinations, mystifications and falsifications are now the JUMBO jingoism of half a century's observation in Kent county politics.

Their arithmetic must have been a mutilated critter by "Pecks" bad boy—a book that the majority have not yet seen, and yet, there is deviltry enough in the original Peck's bad boy to cause the thoughtful to beware and avoid that sort of notoriety.

The truth cannot be successfully covered up. All the figuring that the Boss, his organ and his clerk have done in trying to compel the intelligent voter to accept their arithmetic is an absolute failure and nobody knows it better than themselves.

The new road law does count very materially in cutting down the tax rate from $1.85 to $1.22, and if the Boss could be persuaded to permit his organ and his clerk to use a legitimate arithmetic all bickering and ranting would instantly cease.

When was the Boss, his organ and his clerk honest? Was it at the time they were honeying Mr. Gibbs in all the seductive language at their command to induce him to play in their game, or is it now, when they state he is incompetent and rides about in an auto to look after the roads? Oh, such sham!

Just as soon as the Boss, his organ and his clerk were made to realize that the most of Mr. Gibbs was back bone and the rest of him was grit, the Boss turned over like a Porcupine and stuck his bristles into himself, his organ and his clerk because they had all said repeatedly that Isaac Gibbs, Jr. was a gentleman.

Is he mad? Why yes; Gibbs wouldn't knuckle, and Mr. Vickers wouldn't sign the "bill of sale," so he, with his organ and his clerk started on the rampant to pollute the characters and usefulness of these two young Kent countians.

But truth and veracity will tell, for these young men stand in the forefront today because they *would* not take the yoke. Gunning for the destruction of young men who have both back bone and brains, is reprehensible, and should be boldly condemned. Efforts from that standpoint, however, remind me of the man who after being stung by his neighbor's honey-bee, swore in good old fashioned cuss words, that he would kill every d—— bee that crossed his path—his only weapon was a single barreled pistol. The bees continued to gather the sweets as before.

Mr. Foxwell was not quite so strong eight years ago to withstand the machinations of the Boss, and was thus led into the great error of misrepresenting his would-be best friends, that is, friends who would have advised him straight and true. Now he is paying the penalty by having certain defeat stare him full in the face.

Because of Mr. Foxwell's action toward one extensive industry in which thousands are engaged, the voter will be very slow to trust his livlihood in the hands of the Boss and his other advisors; therefore they cannot afford to vote for him for the senate or either of the candidates for the legislature, for the Boss has their pledge in their own hand writing.

The Boss, his organ and his clerk are sowing an awful crop of pollution seeds. Their last venture was to put Mr. Wm. W. Beck out of the race as a candidate for the state senate. Modesty doesn't seem to be in their vocabulary. We thought they had reached the limit in the use of that arithmetic on roads, tax rate, etc.; but it now appears that all their additions and deductions would not bring the coveted answer, hence the conjuration to eliminate Mr. Beck from the field.

Indeed it is real laughable; for no one knows better than the Boss that Mr. Beck is very much on the job, and at a pace that is distancing his man at the ¾ pole.

So, that sort of misrepresentation will not win and we are wondering what next will be the hatch from the Boss, his organ and clerk. The party is composed of intelligent voters, and will not tolerate sham and abuse, but want

FAIRPLAY.

THE LOW TAX RATE.

Every tax-payer will rejoice at the reduction of 63 cents in the county tax rate as noted in another column. The reason for this reduction is because of the high rate of last year and because of the economy as practised by the working of the new road law.

THE NEWS of last year, the week after the tax rate of $1 85 was struck said: "*A large tax rate was declared this year in order to relieve next year of an expense* and thereby enable the Barroll faction *to lower the tax rate* and take to themselves great credit."

The great force and truth of that prediction has come true.

Honesty and square dealing is the best policy, not only in business but in politics, and the faction or party that tries to build itself up on any other foundation will crumble and fall!

Fire Destroys Thresher.—Fire caused by a pulley on the threshing rig of Mr. Zell Boyce getting overheated while threshing the wheat crop of Mr. Samuel Roe, on his farm near Centreville Thursday afternoon, totally destroyed the thresher, two ricks of straw from 1,000 bushels of wheat and 15 bushels of the grain. Mr. Boyce had a few days before attached a new feeder to the thresher at a cost of $175. His loss is estimated at $600.

MALIGNING KENT COUNTY

The Barroll Organ in its efforts to make political capital does not stop at anything. Last week it was maligning the county's reputation for good roads, hoping thereby to win votes for Mr. Barroll's men. Here is some indisput able evidence which contradicts the trumped up statements of the Barroll Organ:

Mr. Philip G. Wilmer, one of Kent's energetic and successful farmers and real estate owners, returned this week from a seven-hundred-mile automobile trip and states that nowhere did he find the roads equal to those of Kent!

Mr. James Brice, another recent land owner, a citizen of economical habits, a close observer of affairs and an industrious gentleman, returned Monday from an automobile trip to Baltimore and says Kent's roads surpass any over which he traveled. He further says that the farming lands are superior to any other county through which he passed.

A stranger came to Chestertown last week from Delaware and remarked that Kent's roads are fine compared to other counties.

Mr. Decoursey Ruth drove his machine from New Jersey to Chestertown on two occasions and each time remarked about Kent's good roads and how proud he was of his old home. Mr. Ruth is a hustler and is making good in his Jersey home and never fails to speak of the Maryland good things.

They are wider, have better bridges and kept in better condition than any other county in the State.

A Society has been formed in Baltimore to boost the city. They give this advise to their fellow citizens: "PRAISE YOUR TOWN OR MOVE." This applies as well to your county. Everything is not wrong because you can't run it or boss affairs. Kent county was always beautiful before the Boss was born, is beautiful today and will continue to shine among the galaxy of fair estates even after the Boss fades into oblivion. Therefore help, don't knock.

PROBABLY the longest pole in the State of Maryland, if not in the United States, used as a flag staff, has been raised on Spesutia Island, at the bungalow of State Treasurer Murray Vandiver. The pole was telled in Oregon, transported on three freight cars to Baltimore, where it was hewed and shaped by the Skinner Shipbuilding Company, thence by water to Spesutia Island, two miles south of Havre de Grace, where it has been erected. The pole rests in concrete base, weighing six tons. The pole is in one piece and is 125 feet high.

Opera House Sold.— The Centreville Opera House, the town's largest building, was sold at public auction in front of the court house door Tuesday afternoon at mortgage sale. The purchasers were W. H. Gibson, Spencer Wright, A. Green, M. B. Bordley and Chas. A. Busteed, the mortgagors. The price paid was $12,000. The opera house was built in 1905-6 at a cost of about $25,000 by a stock company, of which the late Dr. James Bordley, of Centreville, was a stockholder and president of the board of directors.
