No Taxation on Savings Deposits.

An important decision affecting savings banks in the city and State was handed down on Thursday by Judge Brashears, sitting as the Circuit Court of Carroll county, at Westminister in the celebrated bank tax case. The banks have won a signal victory. The decision means that individual deposits are not liable to taxation on their deposits placed in the savings banks or other banks of this city and State. Millions of dollars of deposits were involved in the case.

Some months ago the Attorney-General of Maryland asserted that individual depositors in the banks of Maryland could be taxed under the bank tax law, independent of the tax of one-quarter of 1 per cent. which the banks themselves paid to the State under the law.

The officials of the banks in Baltimore and the State of Maryland took issue with the Attorney-General. The Commissioners of Carroll county attempted to impose the tax on Mr. Henry Eck, who resides in that county. Mr. Eck appealed from the action of the commissioners, and the case was heard before Judge Brashears, in Westminister last month.

The decision handed down applies to the savings deposits of all banks, whether known as savings banks or not.

Why Oysters Are in Good Condition.

Oysters this season are in good condition—well grown, plumped out and properly flavored. This is not only true as to Maryland oysters, but the reports from Virginia, New Jersey and Delaware are to the same effect. Last year the mollusks were flabby in appearance and decidedly off as to the flavor. It is a fact which has never been adequately explained that oysters are much better in quality during some years than during other years. It is generally understood that the microscopic food upon which the oyster subsists is abundant some years and less abundant other years, and the food supply is at the basis of the oyster yield, just as it is the case behind in the production of beef, pork or mutton. The abundant rains of last summer, carrying down land washings to the sea, have possibly resulted in a rich yield of the floating minute vegetation which develops along the bottom muds where the oyster makes his home. It may be a surprise suggestion to most people that the rainfall has to do with the growing of oysters, just as with the growing of onions, but it is probable that a long, dry spell does touch the oysters down under the never failing waters. Those who believe that the scientific investigators can teach us nothing worth knowing about oyster culture are just the sort of cocksure stand-patters that have been obstructing the wheels of material progress for 4,000 years. The scientists have already taught us many valuable things about producing water foods, though in the region of Maryland we have thus far used this information but sparingly.

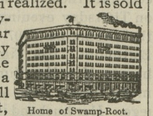

Women as Well as Men are Made Miserable by Kidney and Bladder Trouble.

-Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers who found Swamp-Root to be just the remedy needed. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.
