WASHINGTON WINS.

Washington College defeated the Md. Agricultural College at Chestertown Saturday by ths score of 17 to 5.

M. A. C. scored her touchdown after regaining the ball on a long punt, which aided by the wind, got away from the Washington back on his 8-yard line. In two rushes M. A. C. carried the ball over after but a few minutes of play.

Outside of this Washington's goal was never seriously threatened, while M. A. C. was time and again in a precarious condition. The main weakness of Washington apparently was the lack of scoring formation. She had no trouble in forcing the visitors line, and she made yards around the ends, but when in striking distance of their opponents' goal M. A. C. braced and prevented scoring.

In the line Garrett played a star game for Washington. He broke through repeatedly on punts and nailed his man in his tracks. He tackled hard and was on the ball all the time.

Behind the line, besides Captain Porter's consistently good work, Biddle was a tower of strength, and many think his work earned him first place instead of substitute.

Branham and Strong both had to retire, Biddle and Jamele going in. Jamele again distinguished himself. He is exceptionally fast and being very small he found many a hole in M. A. C.'s line large enough for him to get through.

For M. A. C. Shipley played the star game, and had he not been compelled to retire, owing to a cut on his head, which had to have one or two stitches put in by Drs. Simpers and Hines, the game might have been closer, as he doubtless is a strong player.

M. A. C.'s only effective play seemed to be her forward pass, which she frequently used for good gains; otherwise she was usually stopped in the line and at the ends before gaining.

Washington's points were made by straight football. She frequently made good gains by exchanges of punts and succeeded in scoring three touchdowns and kicked two goals, both by Captain Porter. The most glaring fault of Washington College is her fear to kick the ball. If she had booted the ball more in the early part of the game many think another touchdown at least would have resulted.

This game will put Washington on edge now for the final game with St. John's, on Saturday, November 25th, and all efforts will be exerted toward strengthening weak points.

SUNDAY SCHOOL CONVENTION

Successful Meeting in Galena M. E. Church—New Officers for the Coming Year.

The Sunday School Convention held at Olivet M. E. Church, Galena, last Sunday was very interesting and helpful. In spite of the threatening weather, the church was filled in the morning and the ushers found it impossible to supply chairs for all the afternoon congregation and some people are wondering to what size the evening congregation would have grown had it been a plesant even-evening. 3.25—The Successful Teacher, Mr. B. W. Kindley. Duet by Dr. and Mrs. Gowman, of Millington. Anthem by choir.
3.40—"The Cradle Roll," by Mrs. R. H. Lewis. Duet, Mrs. Schofield and Miss Dempsey.

WOOLEN SCHEDULE

To Be Discussed In Special Message—Will Urge Federal Incorporation.

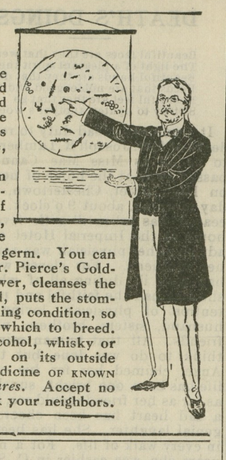

President Taft's first day in Washington since the hegira of statesmen which marked the close of the special session of Congress on August 22 last gave impetus to the growing opinion among politicians here that the tariff question will become the paramount issue on Capitol Hill the coming winter.

As soon as the President arrived at the White House he summoned the two ranking members of the Tariff Board—Henry C. Emery (chairman) and Alva H. Sanders. They called at the White House at 3 o'clock Sunday afternoon and informed the President that their report on Schedule K would be ready December 1.

Dr. Chas. H. Medders, brother of Mr. William Medders, narrowly escaped serious injury when his automobile struck a ditch. The auto was being driven by Mr. L. E. Scarlett, 1717 Bolton street, Baltimore, a friend of Dr. Medders. The accident occurred while Mr. Scarlett was evading a collision with another automobile. When the machine struck the ditch a front wheel snapped from the axle and was hurled some distance before it was stopped. Both Dr. Medders and Scarlett were badly shaken up. They returned home on a car.

Afraid of Ghosts

Many people are afraid of ghosts. Few people are afraid of germs. Yet the ghost is a fancy and the germ is a fact. If the germ could be magnified to a size equal to its terrors it would appear more terrible than any fire-breathing dragon. Germs can't be avoided. They are in the air we breathe, the water we drink.

The germ can only prosper when the condition of the system gives it free scope to establish itself and develop. When there is a deficiency of vital force, languor, restlessness, a sallow cheek, a hollow eye, when the appetite is poor and the sleep is broken, it is time to guard against the germ. You can fortify the body against all germs by the use of Dr. Pierce's Golden Medical Discovery. It increases the vital power, cleanses the system of clogging impurities, enriches the blood, puts the stomach and organs of digestion and nutrition in working condition, so that the germ finds no weak or tainted spot in which to breed. "Golden Medical Discovery" contains no alcohol, whisky or habit-forming drugs. All its ingredients printed on its outside wrapper. It is not a secret nostrum but a medicine OF KNOWN COMPOSITION and with a record of *40 years of cures*. Accept no substitute—there is nothing "just as good." Ask your neighbors.
