MAN BEGS DOCTOR TO LET HIM DIE

Clarence Voshell, Of Kent County, Says He Doesn't Want To Live—Note In Pocket Asks That Body Be Sent To Millington, Maryland.

With the cracks of the door stopped up with a blanket, and the gas turned on full, a man who registered as William L. Voshell at Hotel Leland, 1610 Pennsylvania avenue, Baltimore, Sunday night, was found lying on the floor of his room this morning.

When the proprietor of the hotel, John Warner, made his rounds to call the boarders to breakfast he noticed the odor of gas coming from the room on the third floor. He called an employee and together they forced the door They found Voshell lying in the middle of the floor unconscious.

Warner summoned Dr. J. Allston Dent, 1602 Pennsylvania avenue and restoratives were administered. Voshell was aroused, begged the Doctor to let him die, and then lapsed into unconsciousness. He was sent to the Maryland Homeopathic Hospital for further treatment. On the way he awakened again and said there was no use trying to save his life, as he intended to commit suicide.

In his clothes was found a note asking to have his body sent to Millington, Kent county. Other papers signed with the name of Clarence Voshell were found in his pockets, indicating that he is an employee of the Singer Sewing Machine Company.

WEDS GIRL'S TWIN BY MISTAKE.

Harry D. Edwards, captain of the schooner May H., eloped last night with Miss Bettie Harrison, daughter of G. F. Harrison, of Kent Island, and thereby hangs an unusual tale.

Edwards spent his vacation last summer at a house near that of the Harrisons. There are two Harrison girls, and they are twins. Persons living on the island have often mistaken one for the other, and that is what Edwards did when he eloped last night. He landed from the schooner, intending to elope with Mary Harrison. He met Betty first, however, and thinking she was Mary, hurried her off to a parson's and aboard the schooner. Last summer it was hinted that Betty was jealous of the attentions Edwards was showing her sister.

The schooner is at present time somewhere in the Chesapeake Bay with Edwards and his wife aboard, while Miss Mary is mourning the fate that leaves her single. The father of the girl knew nothing of the coming wedding. It is believed that Betty in some manner learned that Edwards was going to marry her sister, and she decided that the best way to stop it was to marry him herself.

The true details will be known only when the couple land in Baltimore, for which point the schooner is headed.

A GREAT FARMER'S MEETING.

Kent should and no doubt will be well represented by our farmers and their exhibits at the State Horticultural Exposition, Fifth Regiment Armory, Baltimore, December 4th to 9th This county is gaining the forefront in agriculture.

Nearly every section of the State is arranging to have exhibits at the exposition. The dairy department will show complete models of up-to-date stables and facilities for dairying.

Three hundred and eleven cash premiums will be awarded and many handsome cups. The best apple exhibit will get a $50 silver loving cup.

In the women's department there will be demonstrations in cooking and domestic science, and instructions in home economics and sanitations.

Each afternoon an expert packer from the Hood River Valley of Oregon will give demonstration in methods of handling and picking apples and other fruits. The fruit exhibit, as well as the corn exhibit, will be the largest ever shown in Maryland.

The series of instructive addresses in connection with the Maryland Week Exposition will be to the farmers who attend the meetings like a school in which the teachers are among the very highest authorities in the several departments of agricultural science in the world.

Among those who have been definitely engaged to talk are James Wilson, Secretary of Agriculture; W. M. Hays, Assistant Secretary of Agriculture; Willis E. Moore, Chief of the United States Weather Bureau; H. A. Huston, former director of the Indiana Experiment Station; H. A. Waugh, head of the Division of Agricultural College of Massachusetts; R L. Watts, of the Pennsylvania State College; R. L. Hale, who grows more peaches than any other man in the world; Dr. Ernest Kelly, of the Bureau of Animal Industry of the United States; John Thompson, the "Bee Man" of Cambridge; Charles Stewart, Chief Inspector Bee and Honey Industry of New York State; R A. Pearson, Commissioner of New York state, and others, including Dr. W. E. Miller, President of American Association of Milk Distributors. Addresses will also be made by Governor Wilson, of New Jersey, Governor Crothers, of Maryland, and some of the score or more of governors of Southern and Western States who will visit the exposition during Maryland Week, incidental to the conference of Railroad Presidents, Governors and Heads of Southern Commercial bodies.

One of the primary purposes of this exposition is to bring the people of the city and the counties of Maryland into closer and more sympathetic touch. People of city have come to realize that there is a close community of interests between the city and the country, and only by intelligent co-operation can the material and moral interests of both be subserved.

Goldsborough Button Cured Clock.

An election story attaches to the eight-day clock that adorns the Port Deposit postoffice. This clock stopped dead on the day the Democrats nominated Senator Gorman for Governor. On the Saturday preceding the late election, George Coburn, of the National Bank, noticing the dead clock, remarked to Assistant Postmaster Vannort: "Vannort, why don't you hang a Goldsborough button on that clock? You say Goldsborough will make things go."

"I'll do it," said Vannort, and, suiting the action to the word, hung a button on the pendulum. Ever since the clock has been running perfectly.

Children Cry
FOR FLETCHER'S
CASTORIA

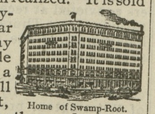

Women as Well as Men are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers who found Swamp-Root to be just the remedy needed. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.
