

Daffy Down Dilly has come up to town,
In a fine petticoat and a green gown;
Starched is the petticoat, spick and span white,
"Twas done up with Fels-Naptha, that's why it's so bright."

Did you ever look at a piece of linen under the magnifying glass?

Or any other kind of cloth?

You'd see a multitude of small threads woven together with tiny open spaces between.

When soiled clothes are boiled, the dirt is just softened, not loosened.

When you rub them on the washboard, the soft dirt is partly rubbed into the tiny spaces between the threads and you might rub till Doomsday without getting it all out.

That's why clothes washed in the boiling, hard-rubbing way are so often muddy or dull-looking.

They're not wholly clean.

Fels-Naptha cleanses clothes perfectly because it attacks the dirt and dissolves it.

Breaks it up into particles which are easily rinsed out of the cloth meshes.

Fels-Naptha Soap does this in cool or lukewarm water.

No boiling; no hard-rubbing; takes less than half the time of the old way.

Saves the clothes; saves fuel.

When you've once tried the Fels-Naptha way of washing in the Winter or Summer you'll never go back to the wash-boiler and hard rubbing.

Try it next washday.

Follow the easy directions printed on the red and green wrapper.

"BEST ON EARTH"

This is the verdict of R. J. Howell, Tracy, O. who bought Foley's Honey and Tar Compound for his wife. "Her case was the worse I have ever seen, and looked like a sure case of consumption. Her lungs were sore and and she coughed almost incessantly and her voice was hoarse and weak. Foley's Honey and Tar Compound brought relief at once and less than three bottles effected a complete cure." Sold by M. A. Toulson, druggist.

FOLEY KIDNEY PILLS
FOR BACKACHE KIDNEYS AND BLADDER

WIFE BEATER FEELS STING OF THE LASH

Sheriff W. S. Delahay Administers Whipping Across Bare Back of Lawrence Stinger.

With several officers, the jail physician and a few curious onlookers and newspaper men as the only witnesses, Sheriff W. S. Delahay fulfilled the requirements of the sentence imposed upon Laurence Stinger, a German, convicted of wife beating at the recent term of the November Circuit Court, by administering six lashes "well laid on," across the bare back of the victim with a raw-hide ox-whip.

Promptly at 1.30 o'clock, Stinger, was brought from his cell and securely hand-cuffed and lashed to a post in the basement of the jail. His back was then stripped to the waist and without further ceremony Sheriff Delahay proceeded to carry out the sentence.

The German bore the punishment with remarkable nerve and took the first three strokes with scarcely more than a whimper. Before the fourth descended, however, the muscles on his shoulders and his arms were drawn into terse knots from the pain, and livid red marks filled with bruised blood, marked his shoulders and extended about his side. When the sixth stroke fell a sigh of relief escaped the throng who had gathered to see the whipping. A blanket was thrown about the victim's shoulders and he was hurried to his cell above, where the jail physician, Dr. W. D. Troy, applied ointments to cure the cuts. Two hours after the whipping Stinger asserted that his back was feeling sore but that the medical treatment had done wonders. The only request made by the prisoner was that his wife be summoned to witness the whipping.

This is the second enforcement of the whipping post law since its enactment. The other case was that of a negro, Charles F. Wilson, who was whipped in Centreville jail by Sheriff Wooleyhand. The negro had been convicted of wife beating and the court imposed a sentence of fifteen lashes and thirty days in jail.—*Centreville Observer.*

NEGROES LOSING IN MARYLAND POPULATION

Figures Show That There is is a Decided Decrease Since the census of 1890.—Figures Pertaining to County.

A prelimary statement of the white and colored population of Maryland, by counties and principal cities, as shown by the returns of the Thirteenth Decennial Census, taken as of April 15th, 1910, was issued yesterday by Director Durand, of the Bureau of the Census, Department of Commerce and Labor. The statistics were prepared under the direction of William C. Hunt, chief statistician for population in the Census Bureau, and are snbject to later revision.

In Kent county the total population is listed at 16,957, of which 10,795 are whites and 6,162 negroes. In 1900 there were 11,343 whites and 7,442 negroes. Thus within the last ten years, there has been 1,280 decrease in negroes.

In Queen Anne's county the total population is listed at 16,839, of which 13,023 are whites and 5,814 negroes. In 1900 the total population was 18,364, of of which 11,991 were whites and 6,372 were negroes. Thus within the last ten years, of the 1,525 decrease in population 968 of that number were white neople and 258 negroes.

The total population in Maryland in 1910 was subdivided as to color as follows: White, 1,062,645; negro 232,249; all other persons (Indians, Chinese and Japanese), 452. The equivalent figures for 1900 were: White 652,424; negro 2s5,064, all others 556. For 1890 they were: White; 826,493; negro 215,657; all other 240.

The negro population constituted 17.9 per cent of the total population of Maryland in 1910, as against 19.8 per cent in 1900 and 20.7 per cent in 1890. In other words, the negro percentage of the population of Maryland has decreased by 2.8 within the last thirty years.
