ract from a letter of Jas. Greenleaf to Wm Cranch

Towards the close of April I remitted the Commrs. $28,333.
~ of which $ 9.333.33 was for Balance of my acceptance due 1/4 May
– $12000 was for anticipation of Instalment due 1/4 May 96 and
payment of a hundred and forty three lots transferred to me over
quantity I had a right to demand, & the residue $7000 Ds
in part of R. Morris's acceptance to the Commrs. due 1/4 May
t. This squares my personal accounts with the Commrs., except
what relates to the Monthly Loan – Your Books will tell you
what period you have paid up that loan, and to face
at is wanting, I paid to Mr. Deakins in George Town $1005
e since made him three remittances of $4000 each, making
ether $13005 Ds – There therefore must be a considerable
lance due me personally from the Commrs. and which, in
state of our accounts, operates as a credit to Morris and
cholson. –

S. I have written a note to the Coms. which will be forwarded to them
W. Nicholson in which I inform them that you will hand them a State–
t of the Monies paid by me in part of M & Ns. acceptances (see
etter of July 25) & that $8000 D of the same may be considered as
ng been paid for W. Nicholson –
