Doct. DUNBAR, Georgetown X Roads, Kent co. says that Worsdell's Pills are superior to any other for regulating the stomach and bowels, and their effects are not followed by any dangerous consequences.

Beneficial effects in several cases of disease. They were first introduced to his notice by a friend of his who was cured of the Ague and Fever by using only three doses.

Dispepsia.—Mrs. Baker, near Chestertown, had been afflicted with Dyspepsia a long time, and she states that she has derived more benefit from Worsdell's Pills than any other medicine.

Rheumatism.—A young woman in Cecil county, had been so seriously afflicted with the Rheumatism, that she was unable to walk for 12 months, and after taking several boxes of Worsdell's Pills, she is now so far recovered that she can walk with ease.

Messrs. T. A. & J. E. D. Turner, Merchants, Greenboro', Caroline co. in writing for an extra supply state that "Worsdell's Pills surpass all others in this section of the country, and the great demand for them is unappreciated."

The office of Worsdell's Pills is to go to the root of the disease, by purifying the blood, and restoring the health and digestion, relieve the lungs; remove those obstructions in the bowels which so frequently produce headache, dizziness and dimness of sight; remove bile from the stomach, and dangerous oppression from the brain; produce serenity of mind, and, in short, give tone, energy, strength and elasticity to all the physical functions.

They do not contain an atom of Mercury, Calomel, or any other deleterious drug—may be taken without any regard to diet or confinement, and have been found so beneficial in almost all cases of disease which the human system is liable to, that they may justly be considered unequalled as an universal Family Medicine; being purely vegetable, the most delicate females find the occasional use of them materially beneficial to their general health.

Price 25 cts. a Box—containing 50 Pills. Sold wholesale by J. Robinson, No. 142, Balt. street, Baltimore; and retail by the following agents:—

Easton, Henry Coburn, Wye Mills, Thos. Hopkins, Denton, Manslip & Wright, Greenboro', T. A. & J. E. D. Turner, Hillsboro', H. T. Dean, Centerville, C. A. Gibson, Millington, Benj. E. Jester, Chestertown, John L. Stam.

HEMSELEY'S WORM-DESTROYING SYRUP.

WHEN we consider the great number of children who die annually in our country by worms, it becomes important that the public should be in possession of some medicine for their removal, which will combine safety and efficiency in its employment.

This desideratum is afforded by the "Worm-Destroying Syrup." It is not my wish, nor is it my design, to throw around this preparation the unmeaning and extravagant eulogiums with which such medicines are usually surrounded in the trade. It is universally known that nearly all diseases originate with impurity of the blood. Pure blood is therefore essential to health.

Variable appetite, foul tongue, fetid breath, full, hard and tense belly; dull heavy expression of the countenance; a bluish streak under the eye; itching at the nose; puffiness of the upper lip; disordered and irregular bowels; starting and screaming in sleep; grinding of teeth; pain in the bowels, and frequently drowsiness or convulsions attended by slow fever.

RECOMMENDATIONS. Being conversant with the general and successful employment of Mr. R. F. HEMSELEY'S "Worm-Destroying Syrup," I cheerfully recommend it to the public as a valuable remedy for the expulsion of worms.

Having examined Mr. R. F. HEMSELEY'S "Worm-Destroying Syrup," and being conversant with its general and successful employment in Easton and the vicinity, I take much pleasure in recommending it to the public as a safe and efficient remedy for the expulsion of worms from the alimentary canal.

There is no anthelmintic preparation from the use of which I have seen better results than from Mr. R. F. HEMSELEY'S "Worm-Destroying Syrup." Having been made acquainted with its composition I can confidently recommend it, not only as a vermifuge, but also as a gentle tonic, suitable in those cases of debility occurring in consequence of the presence of worms in the stomach and bowels.

From Dr. W. HEMSELEY. Having prescribed the "Worm-Destroying Syrup" with success in my neighborhood, I can confidently recommend it to the public.

I have tried in a desperate case of worms Mr. R. F. HEMSELEY'S "Worm-Destroying Syrup," and it proved immediately efficacious. This case had baffled the skill of physicians previously, and the disease must soon have killed the servant. I feel it my duty to give this certificate in favor of this valuable medicine.

CLICKENER'S SUGAR-COATED VEGETABLE EXTRACT PILLS.

A Medicinal preparation is herein announced which has been long desired, and sought for, and which the public must at once see and acknowledge the advantage of. It is a purgative pill, COATED WITH SUGAR, so that it leaves no taste whatever of its internal ingredients. In fact the medicine is so entirely disguised that if a person were to swallow the pills without being informed that they were, he would believe them to be simply lumps of pure sugar; nor could he afterwards, unless by its great purgative effect, suspect that he had been taking medicine.

These pills are so skillfully prepared that they do not gripe the bowels; and thus the patient who takes them avoids two evils which attend all other purgative medicines; namely: nausea and pain. Medicine administered in all other sweet forms has the disadvantage of being mixed with the sugar, and hence produces a disagreeable flavor, which, to most persons, is more disagreeable than unadulterated bitterness. In these pills this is altogether avoided; the sugar and the medicine being entirely distinct from each other, so that the former may be thoroughly removed before the latter can manifest itself in the taste. It is universally known that nearly all diseases originate with impurity of the blood. Pure blood is therefore essential to health.
