**Truth akin to nature.**

HAVE YOU PAIN? Be thankful. It is a vigorous effort of Nature to throw off morbid matter. From what may the morbid matter arise? From a bruise, or a cold, or an ailment, or a fever, or a disorder of the blood, or an impure matter, which is liable to taint the whole mass if not speedily removed. Or the pain may arise from bile which has become bad, rancid, putrid, in consequence of the want of power in the proper organs to discharge it. This pain which so frequently afflicts us, is only the symptom of the efforts of Nature, (for the vital principle of the blood) to expel the morbid or impure matter, which would otherwise destroy the human fabric. All diseases are of the solids or fluids, or both. When we have pain in our head, or in our foot, or in our throat, or in our back or bowels, let us be satisfied that the efforts of Nature, for the removal of our blood to throw off morbid matter, and if he be so, if we can but believe and understand this, our cure will be easy and generally sure. For our course will then be to help Nature to throw off the morbid matter, not to take away the blood. For the blood, every drop we have is requisite to our life, and we must not lose it. We must not lose a drop; neither must we use any medicines internally which are not perfectly harmless, if applied externally to the body. So we must not use any of the preparations of mercury, neither must we use any vegetable medicine of corrosive power.

In order to discriminate between Truth, which is eternal, and medicine, which is like a transient vision, we must be guided by the light of experience. To what does experience direct? To the free use of *Dr. Hensley's Pills*, in all cases of bilious suffering. As this advice is followed, so will the health of the body be. The writer has long used them and has never found them fail of imparting relief. In all acute diseases, let Brandreth Pills and mild diet be used, and the patient will soon be restored to health. In chronic complaints, let the Pills be used as often as convenient, by which means the vitality of the body will be improved, and the crisis will be generally brought about; the disease being changed to acute, a few large doses of Pills and a few days confinement to the house, will change the chronically diseased individual to a sound man. This is a matter of the imagination; it can be proved by a thousand matter-of-fact men who have experienced it. Remember, in all cases of disease, no matter whether it be a cold or cough; whether it be asthma or consumption; whether it be rheumatism or pleurisy; whether it be typhoid or fever-and-ague; whether it be cramp or whooping cough or measles; whether it be scarlet fever or small pox; that the Pills known as Brandreth's Pills will surely do more than all the medicines of the Drug Stores for your restoration to health, and which a more, will surely do you no harm.

Trust to Brandreth's Pills, take them so as to produce a brisk effect, and your sickness will be the affair of a day or two, while those who are too wise to follow this common-sense advice, will be sick for months. Let the sick enquire of the agents for Brandreth's Pills, whether these things are so or not, and ask the same question. Verily if experience is wanted it shall be procured. To the sick, let me say, use the BRANDRETH PILLS, is the best advice mortal man can give you.

**HEALTH & HAPPINESS. DOCTOR W. WORSDELL'S** the inventor of the celebrated Family Medicine, WORSDELL'S VEGETABLE RESTORATIVE PILLS, has used no other medicine in his family during the past 15 years, and has twelve children living in the enjoyment of health.

It has been his invariable practice whenever any of his family take cold, or feel unwell, to administer a dose of Pills, and repeat the same daily as often as the violent of the attack required to subdue it, which he always found to be attended with happy results. If parents were sufficiently impressed with the necessity of purging, and occasionally administering purgative medicines to their children, general good health would be the consequence.

THE FOLLOWING TESTIMONIES are further confirmation of their surprising efficacy.—Mr. Henry Coburn, Easton, says that Worsdell's Pills are daily gaining a reputation, as an excellent Family Medicine. All those who have tried them bear testimony to their extraordinary virtues. A gentleman stated to him a few days ago, that one of his children was taken with the chills and fever, and he administered Worsdell's Pills with success; the chills did not return, and the child got well.

BILOUS FEVER.—Mrs. Burns, who resides at Potts's mill, near Easton, was taken with a severe attack of Bilious Fever, she had recourse to Worsdell's Pills, and after taking several brisk doses was completely cured.

**Doct. DUNBAR,** Georgetown X Roads, Kent co. says that Worsdell's Pills are superior to any other for regulating the stomach and bowels, and their effects are not followed by constipation; he has witnessed their beneficial effects in several cases of disease. They were first introduced to his notice by a friend of his who was cured of the Ague and Fever by using only three doses.

DYSPEPSIA.—Mrs. Baker, near Chestertown, had been afflicted with Dyspepsia several long time before she has derived more benefit from Worsdell's Pills than any other medicine.

RHEUMATISM.—A young woman in Cecilton, Cecil co. has been so seriously afflicted with the Rheumatism, that she was unable to walk for 12 months, and after taking several boxes of Worsdell's Pills, she is now so far recovered that she can walk with ease.

Messrs. T. A. & J. E. D. Turner, Merchants, Greensboro', Caroline co. in writing for an extra supply state that "Worsdell's Pills surpass all others in this section of the country, and the great demand for them is unprecedented."

The office of Worsdell's Pills is to go at once to the root of the disease, by purifying that vital principle of life—the Blood. They preserve and improve the health and digestion, relieve the lungs; remove those obstructions in the bowels which so frequently produce headache, dizziness and dimness of sight; remove bile from the stomach, and dangerous oppression from the brain; produce serenity of mind, and, in short, give tone, energy, strength and elasticity to all the physical functions.

They do not contain a atom of Mercury, Calomel, or any other deleterious drug—may be taken without any regard to diet or confinement, and have been found so beneficial in almost all cases of disease which the human system is liable to, that they may justly be considered unequalled as an universal Family Medicine; being purely vegetable, the most delicate females find the occasional use of them materially beneficial to their general health.

Price 25 cts. a Box—containing 50 Pills Sold wholesale by J. Robinson, No. 142, Balt. street, Baltimore, and retail by the following agents:—

Henry Coburn, Thos. Hopkins, Manship & Wright, H. T. Dean, T. A. & J. E. D. Turner, C. A. Gibson, Ben. E. Jester, John L. Stam, Chester town. For further information read Worsdell's Pamphlet, to be had gratis of the agents. Sep. 24, 1844—1y

**HEMSLEY'S WORM-DESTROYING SYRUP**

PREPARED BY R. F. HEMSLEY, Chemist and Pharmacist.—Easton, Md.

WHEN we consider the great number of children who die annually in our country by worms, it becomes important that the public should be in possession of some medicine for their removal, which will combine safety and efficiency in its employment. This desideratum is afforded by the "Worm-Destroying Syrup." It is not my wish, nor is it my design, to throw around this preparation the unmeaning and extravagant eulogiums with which such medicines are usually surrounded; but to state, in a fair and judicious trial to secure its full approbation. The large and increasing sale of this article is the best proof of the value and estimation in which it is held by numerous and respectable families. The presence of worms is generally with readiness detected by the following

**SYMPTOMS:** Variable appetite, foul tongue, fetid breath, flat, hard stools, uneasy belly; dull heavy expression of the countenance; a bluish streak under the eye; itching at the nose, puffiness of the upper lip; disordered and irregular bowels; starting and screaming in sleep; grinding of teeth; pain in the bowels, and frequently diarrhoea or convulsions attended by slow fever.

**RECOMMENDATIONS.** Being conversant with the general and successful employment of Mr. R. F. Hemsley's "Worm-Destroying Syrup," I cheerfully recommend it to the public as a valuable remedy for the expulsion of worms.

TRIST. THOMAS, M. D. Easton, March 20th, 1844. I concur in the above.

Easton, March 20. — J. A. MUSE, M. D.

I have for the last two years used with complete success Mr. R. F. Hemsley's "Worm-Destroying Syrup." Indeed I look upon it as a specific in those cases, and knowing its composition feel no hesitation in recommending it where worms exist.

WM. H. THOMAS, M. D. Easton, March 25th, 1844.

Having examined Mr. R. F. Hemsley's "Worm-Destroying Syrup," and being conversant with its general and successful employment in Easton and the vicinity, I take much pleasure in recommending it to the public as a safe and efficient remedy for the expulsion of worms from the alimentary canal.

CHRIS. C. COX, M. D. Easton, March 7th 1844.

There is no antiseptic preparation from the use of which I have seen better results than from Mr. R. F. Hemsley's "Worm-Destroying Syrup." Having been made acquainted with its composition I can confidently recommend it, not only as a vermifuge, but also as a gentle tonic, suitable in those cases of debility occurring in consequence of the presence of worms in the stomach and bowels.

A. M. WHITE, M. D. Easton, March 26, 1844.

From Dr. W. HEMSLEY. Having prescribed the "Worm-Destroying Syrup" with success in my neighborhood, I can confidently recommend it as superior to any other preparation offered to the public.

I have tried in a desperate case of worms Mr. R. F. Hemsley's "Worm-Destroying Syrup," and it proved immediately efficacious. This case had baffled the skill of several physicians previously, and the disease now soon have killed the servant. I feel it my duty to give this certificate in favor of this valuable medicine.

**CLICKER'S SUGAR-COATED VEGETABLE EXTRACT PILLS.**

A Medicinal preparation is herein announced which has long been desired, and sought for, and which the public must at once acknowledge the advantage of. It is a purgative pill, COATED with SUGAR, so that it leaves the taste whatever of its internal ingredients. In fact the medicine is so entirely disguised that if a person were to swallow the pills without being informed that they were, he would believe them to be simply lumps of pure sugar; not could he afterwards, unless by its great purgative effect suspect that he had been taking medicine, for these pills are so skillfully prepared that they do not grip the bowels; and thus the patient who takes them avoids two evils which attend all other purgative medicines; namely: nausea and pain. Medicine administered in all other sweet forms has the disadvantage of being mixed with the sugar, and hence persons are more disagreeable than unadulterated bitterness. In these pills this is altogether avoided; the sugar and the medicine being entirely distinct from each other, so that the former must be thoroughly removed before the latter can manifest itself to the taste. It is universally known that nearly all ailments originate with impurity of the blood. Pure blood is therefore essential to health. We must not, however, wait until the blood is impure, for that it takes time—and that time passed in ill health—to rectify it; but when the slightest derangement of the system is indicated by costiveness, or any other sign, it admonishes us that superfluities are gathering in the system, which should at once be got rid of, or their removal leaves the chyle (from which the blood is formed) in a healthy state, and purity of the blood must be the result. This fact, as stated, is universally known; but people have such an aversion to medicine, that, unless the case is urgent, they prefer the disease to the cure, until an impaired constitution, or a fit of sickness, induces them to the folly of their conduct. Still they had some excuse; for heretofore, medicine in almost all its forms was nearly as disgusting as it was beneficial. Now, however, the evil is most effectually removed; for

Clicker's Sugar-coated Vegetable Extract Pills have no taste whatever of medicine, produce none of the nausea and griping attendant on the operation of other medicines—while their speedy effect in removing all impurities from the system cannot be excelled by any other medicine which has ever been discovered.

It is unnecessary to say more here. If these pills are, as described, the public will freely and gladly patronize them; and the proprietor merely asks a trial, which he is sure of receiving, to prove that he assumes no merit for them which they do not fully possess.

Clicker's Sugar-coated Vegetable Extract Pills are prepared and sold, wholesale and retail, and for exportation, by C. V. CARVER & CO., Chemists, at the whole sale and retail drug warehouse, No. 79 and 81 Barclay street, New York. Price 25cts.

Therefore should any other person, seduced by the popularity of his discovery, advertise Sugar-coated Pills, they may be a wretched counterfeit, which it would be dangerous to use, as none but the most ignorant quacks can be found dealing in such a notorious traffic as palming off counterfeit for genuine medicines.
