SHAMPOONE
For Cleansing & Beautifying the Hair

THE human hair has in all ages been considered one of the greatest embellishments of beauty.—In the sacred Scriptures it is spoken of in terms of admiration; and poets, painters, and sculptors have lavished the powers of their art to depict its charms. The immortal poet Homer speaks of the brilliance and beauty of the tresses worn by the Grecian ladies; and at that period when Rome had risen to her greatest glory, every means was used by both ladies and gentlemen to adorn and beautify the hair

It is a well known fact that the hair, by being neglected, is subject to disease. The solar microscope shows that the loveliest tresses, if neglected will become diseased, and that each particular hair will perish as palpably as a fruit tree when uncultivated.—But not only does the hair become diseased and perish, but the skin of the head is liable to a variety of diseases, to say nothing of dandruff and other cutaneous scurvy affections.

In view of the above observations, the subscriber offers the Shampoone to the public, together with his services to perform the operation of Shampooning, confident that it will be found the very best preparation known for cleansing and beautifying the hair.

The Shampoone will be found what it professes to be, and not one of the humbug catch pennies that are offered to the public under specious and high-sounding names. It not only removes all dandruff &c. from the head, but renders the hair beautiful and luxuriant in a high degree. Throughout the large and fashionable cities of the Union it is now attracting considerable attention. Many citizens of our town have tried it and can attest its virtues. Apply to

E PLURIBUS UNUM.

For Sale.

Pursuant to competent authority, I now offer at private sale three valuable farms belonging to Dr Devereux Traverse. One of these farms is beautifully situated on Great Choptank river, about two miles from New Market and adjoining the lands owned and occupied by James Thompson Esq. It contains about 260 acres and is considered very healthy. The soil is good and I understand 1000 cords of wood may be spared, and leave enough for all necessary purposes. Another of these farms, is the one at present occupied by Jas. Moore esq. and situated between Elden & Fairview. Without exageration it may be said that there is not a more beautiful or elegible situation on the Great Choptank than this. A fine two story brick building and all necessary out houses, land already improved and susceptible of improvement to a very high degree, vast resources near at hand, a beautiful view of the river, plentiful supply of oysters, terrapins, wild ducks &c., good water, a healthy location, and an agreeable neighborhood, are some of the advantages attending this farm. It contains about 270 acres of land, has upon it several small tenements, a graney for the purpose of taking in grain for vessels, & a valuable landing. The other is also situated on Great Choptank in Talbot County and the lands on each side of it belong to Wm. Hughlett Esq. This farm is generally known as the Canner farm, is healthy, and beautifully situated, and has shells enough on it to cover it all over, with timber sufficient to support the Farm, and some say to spare. It is not often that such situations can be had, they are in every respect either for speculation, or as permanent residences well worthy of attention, and great bargains can be had. Title indisputable and a short credit will be given.
