A BOVE we present you with a likeness of Dr. MORSE, the inventor of MORSE'S INDIAN ROOT PILLS. This philanthropist has spent the greater part of his life in traveling, having visited Enrope, Asia and Africa, as well as North America-has spent three years among the Indians of our Western THE RESERVE AND A DESCRIPTION OF THE PERSON country-it was in this way that the Indian

Be sure of your curb and rein; When the various passages become clogged, For I scorn the power of your pu As the tempest scorns a chain. For many a countless hour, When I saw an army upon the la A navy upon the seas, Creeping along, a snail-like band Or waiting the wayward breez When I marked the peasant fain With the toil which he daily As he feebly turned the tardy w Or tugged at the weary oar;

THE SONG OF STE

Harness me down with your iron

BY G. W. CUTTER.

The flight of the courier drov As they bore a law a King decr Or the lines of impatient love I could not but think how the wo As these were outstripped afa When I should be bound to the Or chained to the flying car.

Ha! ha! ha! ha! they found me a They invited me forth at leng And I rushed to my throne with And laughed in my iron strei O then ye saw a wonderous cha On the earth and ocean wide Where now my fiery armies ra Nor wait for wind or tide. Hurrah! hurrah! The waters

The mountain's steep declin

The world! the world is min

The rivers the sun hath earlies Or those where his beams de The giant streams of the quee Or the Orient floods divinel The ocean pales where er I sv To hear my strength rejoice And the monsters of the bring Cower, trembling, at my vo I carry the wealth and the lor The thoughts of his god-lik

The lightning is left behind In the darksome depths of the My tireless arm doth play; Where the rocks ne'er saw th Or the dawn of the glorion I bring earth's glittering jew From the hidden caves bel And I make the fountain's g

The winds leg after my going

With a crystal gush o'erflo I blow the bellows, I forge th In all the shops of trade; I hammer the ore and turn t Where my arms of streng I manage the furnace, the n I carry, I spin, I weave; And all my doings I put int On every Saturday eve.

I've no muscle to weary, no Nor bones to be "laid on And soon I intend you may While I manage this wor But harness me down with Be sure of your curb and For I scorn the power of yo As the tempest scorns a

A PRINCESS I remember to have with certain America colonels, and men-at-a place on the Brazos ri north of Jose Maria had paid a visit to t which a dear companie had been murdered fellows, and for five been brother officers iment. He went t States just when the with Mexico, and bed a company of Ken A few months after t ra Cruz, he was depu cers of his brigade to neral Taylor-who absence at New Orle dal as a token of t Choosing the neares camp, across the cou on his errand with a servants, all on hors the teeth. In Jose friend unwisely exhi to a crowd of res persons, calling their majors and captains, take great pleasure engravings. He d mark in what a hur colonels were to star But the medal has, er more been heard
