It is calculated to do away with the vile drugged stuff that is palmed off on the community, and which is injurious to body and mind. In addition to the certificates beneath, he has received a Diploma from the STATE AGRICULTURAL SOCIETY, and additional testimony from Dr. JACKSON, of Boston, who testifies under oath to its absolute purity.

I have made a chemical analysis of commercial samples of Chestnut Grove Whiskey, which proves to be free from the heavy Fusil Oils, and perfectly pure and unadulterated.—The fine flavor of this Whiskey is derived from the Grain used in manufacturing it. Respectfully,

NEW PUBLICATIONS.

THE BOOK OF PLAYS—For Home Amusement and Private Theatrical Entertainments; being a collection of original and selected Tragedies, Comedies, Plays, Dramas, Farces, Interludes, Musical Burlettas, Proverbs, Acting Charades, Recitations, Parlor Pantomimes and Tableaux, Yankee, Negro, Irish and Comic Lectures and Stories, etc., with full descriptions of costumes, scenery, properties, etc., and every direction relative for a private or public performance—the whole carefully arranged and adapted by SILAS S. STEELE, Dramatist. Handsomely bound in one volume, 12 mo., cloth. Price $1. And upon receipt of 21 cents additional for postage, a copy of the book, together with a handsome present, worth from 50 cents to $100, will be sent to any address in the United States.

[From the Author's Preface.]

The wide and still spreading popularity of "HOME THEATRICALS," or Private *Histrionics*, amongst the most fashionable and refined circles, together with the repeated calls for a form of Dramas, or Plays, differing in their structure and effects from those of other works in circulation, have induced the Publisher to present this work, in which will be found, along with some original pieces, a large number of plays, comedies and farces of the most popular Dramatists, from the days of Shakspeare to those of the present period; all or most of which are compressed into *one act*, and into *parlor* scenes, or such as can easily be arranged by the ordinary household resources.

It has been the particular study and aim of the compiler and publisher, to *omit* all sentences, words or allusions, such as could be in the remotest way objectionable to the most fastidious, and to retain the plot, the passion and the *moral* of each play in such a condensed form as would render them an available, diverting and elevating vehicle of amusement for the parlor, the school-room, or the lyceum.

[From the Sunday Atlas.]

BOOK OF PLAYS, for Home Amusement. By Silas S. Steele, Dramatist

These popular parlor amusements have been the means of introducing some very pretty little dramas to those who, from a religious notion, eschew a theatre and legitimate dramatic representations.

There are few writers in our country better calculated to write, compile and adapt plays for Parlor Amusements than Silas S. Steele. Author himself of over eighty plays, every one of which bears the impress of a master hand; and containing a moral, which few authors deem requisite for a drama.

Perhaps a more perfect work of the kind is not to be found at the present time in the world, and it certainly reflects the highest credit on the author and publisher in the production of the one in question. The insipid trash, and nonsensical charades, and drawing-room dramas, which we have seen and heard, must now yield to something more elegant, refined, interesting and amusing. Silas S. Steele's "Book of Plays for Home Amusement" will form a new era in this description of *domestic dramatic literature*, and create a taste to witness those productions from which he has culled out only a scene or two.

HEROES AND PATRIOTS OF THE SOUTH—Comprising lives of Gens Francis Marion, William Moultrie, Andrew Pickens, and Gov. John Rutledge; with sketches of other distinguished Heroes and Patriots who served in the Revolutionary War, in the Southern States. By CECIL B HARTLEY. With engravings from original designs, by G. G. WHITE. One volume, 12 mo., cloth. Price $1

[From the Preface.]

The purpose of the work is to record the actions of some of the most celebrated of the many heroes and patriots who distinguished themselves by eminent services in the Revolutionary War, in the Southern States of the Union.

Among these, Gen. Marion, whose life occupies a considerable portion of the volume, was one of the most remarkable characters who figured on the grand theatre of war in those times that "tried men's souls." Marion's achievements were of the most heroic and romantic character; and are always read with interest and admiration.

Gen Moultrie, the illustrious defender of the fortress which bears his name, is not less interesting in his way.

Gen. Pickens was the companion of Marion in some of his daring enterprises, and one of the most useful of all the general officers who assisted in recovering the Southern States from the enemy.

Governor Rutledge rendered services to the cause of the most important nature, and displayed a character and ability equal to every emergency of those critical and perilous times.

Of several other military Commanders and Statesmen, we have given but slight sketches, in consequence of the brief space to which we were limited.

☞Copies of either of the above books, with a handsome gift, worth from 50 cents to $100, will be sent to any person in the United States, upon receipt of $1, and 21 cents to pay postage, by addressing the publisher, who is desirous of calling your attention to his liberal method of transacting business. viz:

With EACH BOOK that is bought at his Establishment, a PRESENT is given—worth from FIFTY CENTS to ONE HUNDRED DOLLARS.

The presents are of good quality and of the best manufacture, and comprise a large assortment of Gold and Silver Watches, Silver Plated Ware, Silk Dress Patterns, Jewelry, etc., etc., etc., too numerous to mention.

Send for a complete classified Catalogue of Books, which will be mailed to you free of expense, and one trial will assure you that the best place in the country to buy books, is at the large and reliable gift book establishment of GEORGE G. EVANS,

THE UNIVERSAL
GAS LIGHT.
Edward H. Anderson's
Portable, Air-Pressure,
FAMILY GAS LAMPS.

(Patent applied for.)

BY this valuable invention, every family both of Town or Country, can enjoy the luxury of a first quality Gas-light which for safety in its use, brilliancy and economy, cannot be surpassed, at a cost of less than one cent per hour. It produces a light equal to four ordinary two-tube fluid lamps, and is perfectly free from *smoke or smell*, and less trouble in its management than the ordinary fluid or Coal oil lamps. They are so constructed that the flame can be reduced to one half size, when the full force is not required, thereby only consuming one half the quantity of oil.

The great desideratum that has so long been felt for a portable Gas light, simple in construction, one that is easily managed, and not requiring too much outlay in the first cost of apparatus, has now been obtained, and is fully realized in this truly valuable invention, and must be seen to be fully appreciated.

Every person in want of a superior and economical Gas-light, are respectfully invited to call and examine for themselves.

Every description of Coal oil or fluid Lamps altered to manufacture and burn the Gas, at the low price of $2 00 without shade, and $3 when a shade and attachment is required.

A good supply of GAS LAMPS, BRACKETS, Pendants, Chandaliers, &c., suitable for Churches, Halls, Stores and private residences, constantly on hand and manufactured to order. E. H. ANDERSON, & CO.,

Holloway's Ointment.

CONSOLATION FOR THE SUFFERING.

NEARLY fifty years continual use in every part of the habitable globe, amongst the savage and the civilized alike, has proved that simple eruptions, open sores, hard tumors, scrofulous developments of all kinds, abscesses, cancers, old wounds, and, in one word, every species of inflammation and suppuration, whether in the skin, the flesh, the glands, or among the muscles, can be arrested and permanently cured, without danger, by rubbing in and using as a dressing, this inestimable Ointment.

SCROFULA, ERYSIPELAS AND SALT RHEUM.

No remedy has ever done so much for the cure of diseases of the skin, whatever form they may assume, as this Ointment. No case of salt rheum, scurvy, sore heads, scrofula or erpsipelas, can long withstand its influence.

BAD LEGS, OLD SORES AND ULCERS.

Cases of many years standing that have pertinaciously refused to yield to any other remedy or treatment, have invariably succumbed to a few applications of this powerful unguent.

ERUPTIONS ON THE SKIN,

arising from a bad state of the blood or chronic disease, are eradicated, and a clear and transparent surface regained by the restorative action of this Ointment. It surpasses many of the cosmetics and other toilet appliances in its power to dispel rashes and other disfigurements of the face.

PILES AND FISTULA.

Every form and feature of these prevalent and stubborn disorders is eradicated locally and entirely by the use of this emolument; warm fomentations should precede its application—Its healthy qualities will be found to be thorough and invariable.

To Farmers and Planters.

Per-Manipulated GUANO,

A COMBINATION OF

Best Peruvian and the Best Phosphatic Guano, made with the Best Machinery and by the most expert workmen.

ON MOST LANDS AND ON MOST CROPS SUPERIOR IN ITS EFFECTS TO EITHER PERUVIAN OR ANY OTHER GUANO.

By Dr. JAMES HIGGINS,

For the past ten years State Agricultural Chemist of Maryland.

THIS combination of Peruvian and the Phosphatic Guanos was *first* recommended by me more than *six years ago*, and very successfully used by many farmers in this State, though several in this city (Baltimore) have pretended to be its inventors. If this statement be denied, I have abundant proof of its correctness.

A long experience as a practical planter and farmer, with the analytical examination for more than ten years, of every kind of Manure sold in our market, (advantages possessed by none others in the trade,) will enable me always to furnish those, who may favor me with their orders, with the *best, purest*, and therefore the *cheapest* Manures.

Farmers, planters and others will be furnished with all the Guanos sold in our market. Also, with PLASTER OF PARIS, and PURE or MAGNESIAN LIME, according to the wants of the soil,—and too much care cannot be taken in adapting the proper lime to soils; for the want of this, thousands of dollars have been annually lost to our State. Also the following artificial manures:

Higgins' Super-Phosphate of Lime,

prepared under his own direction: and

Higgins' Nitrated Saline Fertilizer,

an admirable Top-Dressing for Wheat, Oats or Grass, which has been very successfully used, and prevents, to a great extent, the wheat from being straw-fallen; where the wheat is pale, sickly or yellow, it at once changes it to a bright, healthy green, and rapidly increases its growth, and greatly promotes the yield.

All Manures sold in our markets are liable to differ naturally, though coming from the same place and bearing the same mark. Still more are they liable to *adulterations*, &c., and for these things *our Inspection System has never afforded an adequate protection.*

All Manures sold by me will have my name stamped on each bag or barrel, be carefully analyzed, and for their purity the buyer is pledged a legal guarantee and my personal honor.

The Manures sold by me will be at the same rate as those sold by others in the trade.

Persons wishing to obtain any of the Manures manufactured by me, or any others of my selections, should so specify in their orders to their agents in town.

TERMS CASH, or accepted city paper.

☞I will also attend to the BUYING OF REAL ESTATE, and *everything* connected with the Farming and Planting interest.

FOR SALE now, several very fine FARMS on the Baltimore and Washington Road, one of them with elegant improvements and every convenience, in the most beautiful and elegant location on it, and several large tracts in Virginia, with negroes, stock, &c., attached.

A CARD.

I ADOPT this mode, as a means of reaching all my friends, to urge upon them the prompt settlement of their accounts. I have heavy engagements to meet this Spring, which is near at hand, and *they* have my funds. I therefore respectfully but earnestly say to them, I want my money—I need my money—I cannot carry on my business without my money. I have been and am still disposed to be indulgent, but the revulsion which has swept over the country has embarrassed me, and I must of necessity collect in my funds—"peaceably if I can, forcibly if I must."

I hope my friends will respond promptly and demonstrate that "a friend in need is a friend *in deed*." THOMAS W. ANDERSON,
