GREAT DISCOVERY!!!—Ample tests, both by able practitioners and chemical analysis, have demonstrated the great value of Prof. DeGrath's beautiful combination, called "ELECTRIC OIL," for the relief and cure of pain. But the people themselves are rendering their verdict in a manner both unmistakeable and satisfactory. More than 20,000 bottles have been sold in a very short time, a great proportion to those who heard others recommend it, who had tried it. That it's a splendid discovery is everywhere acknowledged, and nothing like it was ever before prepared.

The only genuine Electric Oil is Prof. DeGrath's which is to be had at all the respectable Druggists in the land, and at wholesale and retail, at the proprietors prices of the agent. jy10-4m

THE GREAT REMEDY.
THE GREAT REMEDY.

The victim of an obstinate cough or cold, hoarseness, asthma, or any symptoms of disease in the throat, breast or lungs, should resort at once to Dr. Swayne's Compound Syrup of Wild Cherry, an article which has been fully tested, and found to possess healing virtues hitherto unknown in the history of medicine. Rely not upon simple catchpenny articles, which relieve for the moment, but eventually accelerate the disease, when you can obtain a safe and reliable remedy, prepared by an experienced physician, whose laborious private practice of near quarter of a century, must satisfy all of the superior excellence of this old established and far famed Wild Cherry Compound, as prepared under the immediate care of Dr. H. Aid Wanted for Western Virginia.

The meeting called at the Merchants' Exchange in New York, on Friday afternoon, to send "aid and comfort" to the Union men of Western Virginia, was a failure. It is stated that not more than half a dozen persons were present, including sundry reporters. There was no organization, and, of course, no money collected. Another meeting is to be held.—Senator Carlile has written the following letter to those prominent in getting up the meeting:

WHEELING, Va., June 21, 1861

Gentlemen: We have great difficulty in obtaining the necessary means to enable us to accomplish our purpose of holding Virginia in the Union, and are much embarrassed for the want of funds. We have to uniform our companies that enlist in the service. We have to provide for the families of volunteers; we have to incur daily, during the sittings of our convention, an expense of from $200 to $500 per day, with many other necessities incident to putting in motion a new government. Very many of our delegates in convention are without means to pay their board, and cannot remain unless relieved. Some of us have done all we could. The writer of this has advanced out of his own pocket $105, since the 11th inst. to enable members to remain in the convention, and have, for several purposes, since the inauguration of the present movement, expended upwards of $1,000, and he had not a dollar that ought to have been diverted from the payment of his own debts, and has several times found himself without market money to purchase daily food for his children. It has been suggested to us that if our situation was made known to our friends in New York they would rally to our assistance early in the struggle. An honorable citizen of New York inclosed us his check for $1,000. We have since received from another source $2,000, and this is all the aid we have had from abroad, while our citizens, who generally have not spare means, have raised and contributed many thousands, until they are exhaustec. In a little while, when our government is firmly established, we will be able to walk alone. Now is the pinch with us. Very respectfully,

JOHN S. CARLILE.

THE WHEAT CROP IN ENGLAND.—The London Economist, received by the Canada, speaking of the crops, remarks:

Of the wheat crop we cannot give a very good account. The plant is generally thin, and let the yield from the straw be as large as possible, the crop can scarcely be a full one. The growth of wheat plant has, however, been very favorable, the color is remarkably good, while the late rains will give it a decided impulse. The breadth sown is comparatively small, and a good deal of that sown was sown on land in a foul state.

DEATH OF GOV. ELLIS, OF NORTH CAROLINA.—The New Orleans Picayune has a special dispatch, dated Richmond, 8th instant, announcing the death of Governor Ellis, of North Carolina, at Red Sulphur (Va.) Springs, on the 7th instant.

WONDERFUL REPORTS FROM WELL-KNOWN CITIZENS.

Piles and the Rheumatism.—Some remarkable cures are daily coming to light: Charles Sexton, Esq, ex-Mayor of the city of Camden, says the "Electric Oil" cured his Piles by six applications; also, Rheumatism. He says it is a very valuable remedy, and everybody ought to know it.

Neuralgia.—Mr. David Mann, 499 Vine street, says, De Grath & Co.'s "Electric Oil" cured him, and that he was a great sufferer.

Stiff Neck.—Mr. Mann's daughter was much afflicted with stiff and swollen neck, which this Oil cured immediately.

Bad Sprain.—Mr. A. D. Highfield, No. 12 Howard street, met with a serious accident, which laid him up, says: He tried everything, even the usual cold water shower without any benefit—used a single bottle of the oil, which cured him—also says it cured frosted feet.

Catarrh in the Breast.—Mr. Wardlow's little girl was cured. This is a very interesting case.

A VALUABLE MEDICINE.

During the present week no less than six of our friends, who have been induced to try Prof. De Grath's Electric Oil for Rheumatism and Deafness, in consequence of having seen this preparation advertised in our columns, have called upon us to state the result of their experiments. These persons assure us that their Rheumatic pains have been entirely cured by a few applications of De Grath's "Electric Oil," and they recommend its use to all who are afflicted with any of the diseases which it is designed to cure.

It seems that Rheumatism, Deafness, Neuralgia, Swollen and Stiff Joints, and other complaints to which we are all subjects, have lost their terrors. Prof. De Grath's Electric Oil is warranted to relieve any case in a short space of time, and with a trifling expense. It always cures Scratches, Sprains, Galls and Splints on horses.

It cures Consumption.
It cures Bronchitis.
It cures Sore Throat, Coughs and Colds.
It cures Asthma, Scrofula, and impurities of the Blood.

This unequalled remedy is now for the first time introduced to the public.

It was providentially discovered by a missionary while traveling in Arabia. He was cured of Consumption by its use after his case was pronounced hopeless by learned physicians in Europe.

He has forwarded to us in writing, a full account of his own extraordinary cure, and of a number of other cures which have come under his observation, and also a full account of the medicine.

At his request, and impelled by a desire to extend a knowledge of this remedy to the public, we have had his communication printed in pamphlet form for free distribution. Its interest is enhanced by an account which he gives of some of the scenes of the Syrian massacres, which he obtained from those who were sufferers in that awful tragedy.

This pamphlet may be obtained at our office, or it will be sent free by mail to all who apply for it.

We import the MAKORA ARABICA direct from Smyrna, through the house of Cleon & Gylippus, and we have always on hand a full supply put up in bottles ready for use with full directions.

L. MILLER'S
HAIR INVIGORATOR.

AN EFFECTIVE, SAFE AND ECONOMICAL compound,
FOR RESTORING GRAY HAIR to its original color, without dying, and preventing the Hair from turning gray.
FOR PREVENTING BALDNESS, and curing it, when there is the least particle of vitality or recuperative energy remaining.
FOR REMOVING SCURF AND DANDRUFF, and all cutaneous affections at the Scalp.
FOR BEATTIFYING THE HAIR, imparting to it an unequalled gloss and brilliancy, making it soft and silky in its texture and causing it to curl readily.

The great celebrity and the increasing demand for this unequalled preparation, convince the proprietor that one trial is only necessary to satisfy a discerning public of its superior qualities over any other preparation at present in use. It cleanses the head and scalp from *dandruff and other cutaneous diseases*, causes the hair to grow luxuriantly, and gives it a rich, soft, glossy and flexible appearance, and also where the hair is loosening and thinning, it give strength and vigor to the roots, and restore the growth to those parts which have become bald, caused it to yield a *fresh covering of hair.*

There are hundreds of ladies and gentlemen in New York who have had their hair restored by the use of this Invigorator, when all other preparations had failed. L. M. has in his possession letters innumerable testifying to the above facts, from persons of the highest respectability. It will effectually prevent the *hair from turning grey* until the latest period of life; and in cases where the hair has already changed its color, the use of the Invigorator will with certainty *restore it to its original hue*, giving it a dark, glossy appearance. As a perfume for the toilet and a Hair Restorative it is particularly recommended, having an agreeable fregrance; and the great facilities it affords in *dressing the hair*, which, when moist with the Invigorator can be dressed in any required form so as to preserve its place, whether plain or in curls—hence the great demand for it by the ladies as a *standard toilet article* which none ought to be without, as the price places it within the reach of all, being

ONLY TWENTY FIVE CENTS

per bottle, to be had at all respectable druggists' and perfumers.

L. MILLER would call the attention of Parents and Guardians to the use of his Invigorator, in cases where the childrens' Hair inclines to be weak. The use of it lays the foundation for a good head of hair, as it removes any impurities that may have become connected with the scalp, the removal of which is necessary both for the health of the child, and the future appearance of its Hair.

CAUTION.—None genuine without the fac simile LOUIS MILLER being on the outer wrapper; also, L. MILLER'S HAIR INVIGORATOR, N. Y. blown in the glass.

Health and its Pleasures,
OR
DISEASE WITH ITS AGONIES;
CHOOSE BETWEEN THEM
Holloway's Pills.

NERVOUS DISORDERS.

WHAT is more fearful than the breaking down of the nervous system? To be excitable or nervous in a small degree is most distressing, for where can a remedy be found? There is one:—drink but little wine, beer, or spirits, or far better, none; take no coffee,—weak tea being preferable; get all the fresh air you can, take three or four Pills every night; eat plenty of solids, avoiding the use of slops; and if these golden rules are followed, you will be happy in mind and strong in body, and forget you have any nerves.

MOTHERS AND DAUGHTERS.

If there is one thing more than another for which these Pills are so famous it is their purifying properties, especially their power of cleansing the blood from all impurities, and removing dangerous and suspended secretions Universally adopted as the one grand remedy for female complaints, they never fail, never weaken the system, and always bring about what is required.

SICK HEADACHES AND WANT OF APPETITE.

These feelings which so sadden us, most frequently arise from annoyances or trouble, from obstructed perspiration, or from eating and drinking what is unfit for us, thus disordering the liver and stomach. These organs must be regulated if you wish to be well. The Pills, if taken according to the stomach, whence follow as a natural consequence, a good appetite and a clear head. In the East and West Indies scarcely any other medicine is ever used for these disorders.

DISORDERS OF THE KIDNEYS.

In all diseases affecting these organs, whether they secrete too much or too little water; or whether they be afflicted with stone or gravel or with aches and pains settled in the loins over the regions of the kidneys, these Pills should be taken according to the printed directions and the Ointment should be well rubbed into the small of the back at bed time.—This treatment will give almost immediate relief when all other means have failed.

FOR STOMACHS OUT OF ORDER.

No medicine will so effectually improve the tone of the stomach as these Pills; they remove all acidity, occasioned either by intemperance or improper diet. They reach the liver and reduce it to a healthy action; they are wonderfully efficacious in case of spasm,—in fact they never fail in curing all disorders of the liver and Stomach.
