FOREIGN NEWS.

ARRIVAL OF THE STEAMSHIP

ACADIA. 14 DAYS LATER FROM ENGLAND. shro

was fell

The steamship Acadia, Capt. Ryrie, ar- rock rived at her wharf in East Boston at half such past five o'clock, Tuesday morning, Oct. | bay s 3d, bringing fifteen days later from England. | batte Lieut. Winslow, of the U.S. steamship W Missouri, which was lost in the Bay of sump Gibraltar, came passenger in the Acadia, board with special despatches from Mr. Cushing empl our Minister to China.

All the accounts speak favorably of the ous,o state of trade throughout the country. most Confidence is restored, and money plenty. our i The cotton market is most buoyant. The pline European Times says that the non-arrival of ble: t the Overland Mail, which is now more beyed than a fortnight beyond its time, has exci- ty, an ted some uneasiness. The delay has oc- or col curred on the other side of Suez. The belief at present is, that the steamer has RE been beaten back by the monsoon, although there are croakers who contend that worse Oilea than this has happened—that she has gone | tween to the bottom.

Capt. James Ross has returned from his presen voyage of discovery to the South Seas; but the Co the amount and nature of the information "It

obtained has not transpired. The most important news by this arri-val is that of the total loss of the steamer Missouri.—Charles Wilmer's News Letter country says: "It appears that when she was burnt in Gibraltar bay she was at anchor in about four fathoms of water, and the part of the hull which sank, after burning to the waters edge, is consequently covered by only a few feet. M. Abbinet, of diving celebrity, is at Gibraltar, and has no doubt of being able to recover some valuable property." able to recover some valuable property count from the wreck; but before he commences to give operations, the commander of the Missou- those modore from the eastern part of the Medvices, and it was expected his sub-marine of proemployment would be entered in the course reached

The Queen and Prince Albert's Return from France.—Last Thursday week, the Queen and Prince Albert, accompanied by the Prince de Joinville, embarked on board radicals the Prince de Joinville, embarked on board quel is the royal yacht at Treport, on her return States I to England, after nearly a weeks residence to utter at the Chateau d'Eu. The royal yacht, es-corted by the Pluton, Archimede, and Na-them an poleon war steamers, and a British squadron of ships of war, arrived at Brighton on by the the same day, after a passage of little more than six hours. Her Majesty and the regulation prince remained at Brighton till the follow-ing Tuesday, when they re-embarked, with clusion the intention of paying a visit to the King New C of the Belgians at Ostend.—Having passed the night off Walmer Castle (the residence of the Duke of Wellington as Lord Warden of the Cinque Ports) the royal squadron stood out to sea early the next wary from the control of the control own decomposition of the Cinque Ports of the royal wary from the control of the con squadron stood out to sea early the next And wh morning; and the illustrious voyagers, after a rough passage arrived in good health ted State and spirits at Ostend, where King Leopold, here, w accompanied by his queen awaited their ar- deemed rival.
