

**IMPORTANT TO EVERY INDIVIDUAL. PAY PARTICULAR ATTENTION.**

It is a melancholy truth that we must all sooner or later, pay the great debt of nature—that we must become tenants of the charnel-house, be the companions of thousands of the silent who are slumbering beneath the turf—yet a kind Providence has not specially limited our days on earth. We are allowed to make use of those things which Heaven has pleased to bestow upon us for the prolongation of life, and by judicious care, and strict attention, we are enabled to extend our days.

The human system is so constituted that it is liable to disease at any moment, and unless the greatest precaution is used, it becomes a victim, and withers away like the fresh morning-glory before the noon-day sun. When sickness lays its blighting hand upon us—when fever parches the lips, and the eyes lose their lustre—when the body is racked with pain, and vitality seems about to depart, we regret that we have not made use of medicine, the beneficial results of which has been tested in thousands of instances.

Nature's True Remedy consists in entirely discarding all animal and mineral substances, and resorting to the Vegetable Kingdom. The most eminent medical men in all countries, and in every age, agree that the safest, best, and in fact the only medicine which should be used, is that which is compounded entirely of vegetable substances, because it is of a nature best adapted to purify the blood.

It enters at once into the system, thoroughly elaborating all humors which have an injurious tendency. It removes all undue bilious secretions, and promotes the insensible perspiration. It renovates, restores, and strengthens the system.

**STAINBURN'S VEGETABLE EXTRACT PILLS**

possess the true medical properties of such plants, roots, and herbs as have been proved by long experience to possess a curative virtue for the various maladies incident to the human frame, and acting but the lines and purer parts are used. By the process of the newly invented machinery the essential qualities are alone taken in a concentrated form, thus separating them from the grosser and fibrous parts.

Strainburn's Pills will immediately attack the seat of disease, and gradually, by means of their purgative operation, most surely drive out all disease from the system.

Are you suffering from rheumatism—pains in your back, or in your shoulder, or knee joints? The Vegetable Extract Pills are eminently adapted to alleviate your sufferings. That portion of them which has a peculiar tendency to correct the secretions will stir up and unloose this trying disease from its hold, while the other portion will carry off the humors which occasion pain.

From Gout—severe pains in the smaller joints, or the lower extremities, attended by swelling and inflammation? This same success must immediately follow a course of the Vegetable Extract Pills, if taken according to the directions which accompany each box.

From Constipation or Habitual Costiveness—the Extract Pills will, if taken in small and oft-repeated doses, so strengthen and encourage to action the digestive organs, and at the same time so thoroughly cleanse from all obstruction the large intestines, that this most discouraging and very fatal malady must be expelled from the system.

From an accumulation of Bile—in the stomach, producing rising in the throat, sick headache, loss of appetite, &c.? If you neglect those symptoms, and use no means to relieve your stomach, a bilious fever will surely overtake you.

From Scrophulous, or King's Evil—producing running tumors on the glands of the neck or on the shoulders. The alternative and purgative principle of Stainburn's Pills, yet so minutely contained in Stainburn's Pills, will immediately attack the seat of disease, and expel it from the system.

In all cases of recent sickness—such as a cough, headache, shiverings, pains in the limbs or back, occasioned by having taken cold, or a sudden change of weather, Stainburn's Vegetable Extract Pills will be found to give sure and immediate ease, by relieving the various outlets of the system which the cold had shut up.

If you have pain in the stomach, attended with dysentery or relaxed bowels, occasioned by change of climate, or by eating improper and unhealthy food, the Extract Pills will carry off all cause of pain, and restore the healthy regularity.

As one to faint, and delay not—fear if you neglect proper advice and despise high medical authority, you must expect to fall a victim to your own meretricious.

Families should always have Stainburn's Vegetable Extract Pills in the house, so that they can be resorted to at any moment in case of sudden sickness.

The Vegetable Extract Pills are sold at twenty-five cents per box, containing thirty Pills, by the following

**PETERS' PILLS.**

**THE** COMPLAINTS in which Dr. Peters' Vegetable Pills are most effective, and which when administered according to direction, they can scarcely fail to cure, are as follows:—Yellow and bilious fevers, fever and ague, dyspepsia, croup, liver complaints, sick headache, jaundice, rash, dropsy, rheumatism, enlargement of the spleen, phlegm, chronic, female obstructions, heartburn, flatulence, nausea, distensions of the stomach and bowels, ineffectual diarrhea, flatulence, habitual constipation, loss of appetite, indigestion or sallow complexion, and in all cases of torpor of the bowels, where a cathartic or an aperient is needed. They are exceedingly mild in their operation, producing neither nausea, griping, nor debility.

Be careful to observe, that on the cover of each box (in the tin) is stamped "Peter's Vegetable Pills;" and also, that two small cards or bands, raised in the tin, encircle each box, one immediately below the cover, and the other at the further end, where it forms a socket for the bottom, and holds it without solder, which is not the case with any other boxes than those containing Peters' Pills, the principle on which they are made being the Proprietor's own invention, for which he has obtained a patent.

**NEGROES WANTED.**

**THE** highest market prices will be given for Negroes. I have a large and secure list, and will receive Negroes that are for sale, and keep them at the lowest rates. Conway street, between Charles and Hancock, near the Railroad Depot or Light street wharf, Baltimore.

**EASTON ACADEMY.**

**THE** SECOND or WINTER SESSION of this Institution will commence on Monday the 9th day of October, and the Board of Trustees announce to the public that the duties will be resumed under the supervision of Mr. JOHN NIXON, formerly known for many years past, as an accomplished Scholar, and a most efficient Teacher.

The course of instruction will be of an extensive character, comprising all the branches of an English education, the Latin, Greek and French Languages, and in both departments of languages the literature of each, together with ancient and modern History.

The mathematical course will include the mixed mathematics, and pupils will be prepared for admission to any class in the Colleges or Universities of the United States; by entering upon commercial pursuits, or engaging directly in the studies preparatory to either of the learned professions.

An ample philosophical and chemical apparatus has been procured at no inconsiderable cost to the Trustees, and this Institution, liberally endowed as it is, merits the patronage of parents and guardians in this and the neighboring counties.

The Board respectfully refer to the Rev. Bishop Whittingham to the Rev. Dr. Wyatt, to Walter Fairbanks, Esq.; and to John H. Alexander, Esq., of Baltimore; to John Stevenson Archer of Harford Co.; to Thomas Hayward, Esq., of Dorchester Co.; to William A. Ford, Esq., of Caroline county; and if required to many other reliable sources as to the personal and professional qualifications of Mr. John Nixon.

This gentleman is a graduate of Trinity College, Dublin; but what is far more substantial, he has attracted to himself the sincere regard and entire confidence of all those who have entrusted to him the education of their sons.

The Board deem it a matter of much moment that youths from a distance should be placed under the immediate eye of the principal of the academy.

Those Students can be boarded in the house of the Principal, and educated, at \$160 per annum; with \$15 additional per annum, for washing and mending, each boarder finding his own bed, bedding and towels. Excellent accommodations may also be had in respectable families in the town at the usual rate of \$10 per month.

The year is divided into two sessions, commencing respectively on the second Monday in October, and on the first Monday in April; the former preceded by a vacation of six weeks, the latter by a vacation of two weeks; the terms for boarding &c. being payable in advance, at the beginning of the session.

All applications, enquiries, &c. should be addressed to JOHN NIXON, Esq., Principal of the Easton Academy; but any information will be cheerfully given by application to either of the undersigned in behalf of the Board of Trustees.

**SHOUT ITS PRAISE!**

**AND PROCLAIM IT TO THE WORLD!!!** THAT which is beneficial to the world in any shape or way, should be recognized to the uttermost peril of the earth for public good.

Whenever an important discovery in medical science takes place, it should be recognized to the uttermost peril of the earth for public good. Such a discovery is found in **Peters' Compound Extract of Horhound,** for the cure of all diseases which arise from a shilid system, and has proved itself of the most valuable nature. Formed of twenty-five different ingredients, each one of which is of the most valuable nature, in the cure of these primary diseases which terminate in Consumption.

All families are liable to have some portion of their members attacked at this season of the year, and they should be particularly careful to have in their house a few packages of this valuable compound. Children are very apt to be taken with a slight cold, to cough, or to be seized with **Croup or Scarlet Fever.** At such times, a few sticks given according to the directions, would stop all fear for the future, because it would then be given in time. This is the grand secret, and should be remembered.

**THE HORSHOUND EXTRACT** has now been before the public for three years, and in that space of time, no medicine has ever equalled it in the amount of its sale in the estimation in which it is held by the public.

Sold by **J. PEARSE & SONS,** Inventors and Proprietors, 45 Division street.

My Dear Sir:—I have been often afflicted with great exhaustion after exerting and fulfilling my duties and professional avocations, and never found any relief therefrom, until I met with your excellent **Horshound Candy.**

I have tried it on innumerable occasions, and believe it to be the best medicine compound extant, for healing and preserving the lungs from consumption in its early stages. I have been many years past, from the nature of my profession, to be afflicted with hoarseness, which finally turns to Bronchitis, and I certainly believe that a free use of your Candy will keep away that complaint altogether. I recommend all my brethren to keep a few packages of your candy by them, and use it after speaking, and they will at once perceive its benefit.

**DR. SHERMAN'S MEDICATED LOZENGES.**

**THIS** is the most pleasant and agreeable way of taking medicine, particularly for children, as all the nauseousness is obviated and the active properties of the medicine highly concentrated. Care should be taken to keep all idea of medicine from the patient, particularly children, and to impress upon them the idea of their taking some delicate confection. All of Dr. Sherman's articles will have a fac-simile of his name accompanying them, without which no one can be certain—observe that it is on the bill of directions—around each box of Lozenges, part of Tooth Paste, and on the back of every Poor Man's Plaster.

are the safest, most pure and effective remedy for Coughs, Colds, Consumption, whooping cough, Asthma, Tightness of the lungs or chest, &c. &c.

Jonathan Howarth, Esq., the well known temperance lecturer, took a severe cold last January, by sleeping in damp sheets, that seemed to have settled in a consumption. He raised a great deal of bloody matter, and was so weak as to be unable to get up, and that he could get no rest by day or night. After trying various remedies without relief, he thought that death alone would relieve him from his misery. But, by the advice of a lady, he purchased a box of Sherman's Cough Lozenges, and in a few days he was able to get up, and to his surprise, without relief, he thought that death alone would relieve him from his misery.
