

**DOCTOR SHERMAN'S  
MEDICATED LOZENGES.**

**THIS** is the most pleasant and agreeable way of taking medicine, particularly for children, as all the nauseousness is obviated by the active properties of the medicine highly concentrated. Care should be taken to keep all children away from the patient, particularly children, and to express upon them the idea of their taking some relief, then the idea of their taking some relief, then the idea of their taking some relief, then the idea of their taking some relief...

**Sherman's Cough Lozenges**

are the safest, most sure and effective remedy for Coughs, Colds, Consumption, whooping cough, Asthma, Tightness of the lungs or chest, &c. &c.

Jonathan Horwath, Esq., the well known temperance lecturer, took a severe cold last January, by sleeping in damp sheets, that seemed to have settled in a consumption. He raised a great deal of bloody matter, and his cough was so incessant and harassing that he could get no rest by day or night...

**Sherman's Worm Lozenges**

Are the only infallible worm-destroying medicine ever discovered. 1,500,000 Boxes have been sold and not a failure has ever been known. They destroy all kinds of worms and cannot injure where there are none.

**Symptoms of Worms.**

Pain in the joints of limbs, offensive breath, picking at the nose, grinding of the teeth during sleep, and at times a paleness about the lips with flushed cheeks; bleeding at the nose, a gnawing sensation at the stomach, flashes of heat over the surface of the body, slight chills or shiverings, headache, drowsiness, vertigo, torpor, disturbed dreams, sudden starting in sleep with fright and screaming; sometimes a troublesome cough, feverishness, thirst, pallid hue, flat taste in the mouth, difficulty breathing, pain in the stomach or bowels, fatigue, nausea, spasmodic vomiting, various appetite, leaness, bloated stomach or limbs, gripings, shooting pains in various parts of the body, a sense of something rising in the throat, itching of the anus towards night, a frequent desire to pass something from the bowels, and sometimes discharges of slime and mucus.

Dr. Galen Hunter, 105 sixth Av. knew a child that was cured of fits by these Lozenges, after three years suffering, and when nothing else would give the least relief. He has used them in his practice for the last two years in several hundred cases, with success. A boy on board of one of the Hayre Packets was cured of fits by one of these Lozenges.

**Distressing Headaches** are cured in five minutes by Sherman's Camphor Lozenges, so celebrated as the only specific for sea-sickness, palpitation, lozness of spirits and the lassitude and fatigue of body or mind attending travelling, or crowded parties.

**Weak Backs, Pains or weakness** in any part of the body, rheumatism, and Lumbago, cured by Sherman's Poor Man's Plaster, which costs only 12 1/2 cents and warranted better than all others.

**Sherman's Orris Tooth Paste**

Is recommended by the many who have used it, as the best remedy for cleaning and beautifying the Teeth that ever was known. Together with all other the Dr. has Restorative Lozenges for dysentery, diarrhoea &c. Fever and Ague Lozenges for Fever and Ague, Recommended by Rev. Prof. J. F. Moffat.—Dinner Lozenges for Dyspepsia, Cathartic Lozenges to operate on the Bowels, &c. &c.

**Remedy of Impostion.** Ask for Sherman's Lozenges, and see that you get them; let no one deceive you by selling you a spurious article. Dr. Sherman's are the only true original and genuine.

**SHOUT ITS PRAISE!**  
AND PROCLAIM IT TO THE WORLD!!!

WHAT which is beneficial to the world in any shape or way, should be promulgated to the utmost parts of the earth for public good.

Whenever an important discovery in medical science takes place, it should be spread abroad at once. Such a discovery is found in Pease's Compound Extract of Hoorhound, for the cure of all diseases which arise from a chilled system, and has proved itself of the utmost value to a discerning public.

For twenty-five different ingredients, each one of which is of the most valuable nature, in the cure of those primary diseases which terminate in Consumption.

All families are liable to have some portion of their members attacked at this season of the year, and they should be particularly and have in their house a few packages of this valuable compound. Children are very apt to be taken with a slight cold, to cease only in Croup or Scarlat Fever. At such times, a few sticks given according to the directions, would stop all fear for the future, because it would then be given in time. This is the grand secret, and should be remembered.

**THE HOORHOUND EXTRACT** has now been before the public for three years, and in that space of time, no medicine has ever equalled it in the amount of its sale or in the estimation in which it is held by the public.

Sold by J. PEASE & SONS, Inventors and Proprietors, 45 Division street.  
Read the following Certificate from a Clergyman at Newark.  
Newark, Sept. 29, 1842

My Dear Sirs:—I have been often afflicted with great exhaustion after exerting and fulfilling my duties and professional avocations, and never found any relief therefrom, until I met with your excellent Hoorhound Candy.

I have tried it on innumerable occasions, and believe it to be the best medicine compound extant, for healing and preserving the lungs from consumption in its early stages. Clergymen are more apt, from the nature of their profession, to be afflicted with hoarseness which finally turns to Bronchitis, and I certainly believe that a free use of your Candy will keep away that complaint altogether. I recommend all my brethren to keep a few packages of your candy by them, and use it after speaking, and they will at once perceive its benefit.

Your friend truly,  
A. D. AYRES, D. D.  
Pastor of the Methodist Episcopal Church. J. Pease & Son, 45 Division street.

**NATURE'S OWN PRESCRIPTION.**

A compound Balsamic preparation of the *Prunus Virginiana* or "Wild Cherry Bark," prepared by a new chemical process, approved and recommended by the most distinguished physicians, and universally acknowledged the most valuable medicine ever discovered.

**NO QUACKERY!!! NO DECEPTION**  
In setting forth the virtues of this truly great medicine, we have no desire to deceive those who are laboring under affliction, nor do we wish to glorify it more than it justly deserves. Yet when we look around and see the vast amount of suffering and distress occasioned by many of the diseases in which this medicine has proved so highly successful, we feel that we cannot urge its claims too strongly, or say too much in its favor.—Such, indeed, are the

**SURPRISING VIRTUES** Of this Balsam, that even in the advanced stages of CONSUMPTION, after all the most esteemed remedies of physicians have failed to effect any change, the use of this medicine has been productive of the most astonishing relief, and actually effected cures after all hopes of recovery had been despaired of.

In the first stage of the disease, termed "Catarrhal Consumption," arising from neglected COLDS, it has been used with undeviating success, and hundreds acknowledge the restoration of their health to this invaluable medicine alone. In that form of Consumption so prevalent amongst delicate young females, commonly termed debility, or

**"GOING INTO A DECLINE,"** A complaint with which thousands are lingering, it has also proved highly successful, and not only possesses the power of checking the progress of this alarming complaint, but also strengthens and invigorates the system more effectually than any other medicine we have ever possessed.

**Important Caution.**

The public should be in mind that it is Dr. Wistar's Balsam of Wild Cherry that performs those remarkable cures which are published in every part of the country, and not the articles of similar name that are occasionally put off as temporary relief.—Those who may be good—but we know nothing about them.

Be sure and ask for "Dr. Wistar's Balsam of Wild Cherry," and take none other. Agents.—In Easton, Dawson & Brother; Cambridge, Thos. M. Flint; Salisbury, P. Towning; Snowhill, Townsend & Upshur; Chestertown, Daley & Russell, and in every town in the State.

**CAMPBELL'S FOREIGN SEMI-MONTHLY MAGAZINE, OR SELECT MISCELLANY OF EUROPEAN LITERATURE AND ART.**

THIS PERIODICAL has already acquired the enviable reputation of being the most complete and spirited Magazine of the kind ever published in the country. The frequency of its publication enables the publisher to furnish the cream of the Foreign Magazines in advance of all competitors. As for instance, the number published on the 1st of each month is composed principally of articles selected from the Foreign Reviews and magazines of the preceding month, and that issued on the 16th of the month can be entirely so made, thus placing the readers of the Semi Monthly in possession of the choicest articles of the Foreign Press several weeks in advance of a monthly competitor.

In the LIBRARY DEPARTMENT whilst the Magazine cannot pretend to originality in the frothy trash of the day, it is the aim of the publisher to furnish to its readers the best articles from the first minds in Europe in the several departments of Criticism, History, Biography, Voyages, Travels, &c. &c. and from the pens of such men as Brougham, Macaulay, Carlyle, Sterling, Landor, Wilson, Lockhart, Hood.

To add to its attractions each number will be embellished with one of SARTIN'S Splendid Mezzotint Engravings, done in the very best style of that finished Artist, thus adding every year **THIRTY-FOUR** of those beautiful Engravings, whilst other Magazines are trumpeting to the world their three or four by the same Artist as a chief inducement for subscribers.

The very low price at which the Magazine is afforded can be best appreciated when it is remembered, that THREE SPLENDID VOLUMES containing each nearly six hundred Imperial Octavo pages, executed in the most finished typographical style, the text embellished with numerous illustrations, and each volume ornamented with EIGHT OF SARTIN'S Engravings for Five Dollars an amount of Reading matter exclusive of the engravings worth of themselves alone more than the cost of the work) which cannot be procured from the original sources for less than three hundred dollars.

Included in the Engravings will be found Portraits of the most distinguished men in the World of Letters, Science and Art, thus furnishing a PORTRAIT GALLERY of order of excellence, done in the most finished style of art, and worthy of preservation in any library.

To Post-Masters and others.—The acknowledged merit and rapidly growing popularity of Campbell's Magazine considered, the Publisher believes that from the following liberal terms thousands will be induced to subscribe.
