WISTAR'S BALSAM

Consumption of the Lungs, Affections of the Liver, Asthma, Bronchitis, Pains or Weakness of the Breasts or Lungs, Chronic Coughs, Pleurisy, Hemorrhage of the Lungs, and all Affections of the Pulmonary Organs.

NATURE'S OWN PRESCRIPTION.

A compound Balsamic preparation of the Prunus Virginiana or "Wild Cherry Bark," prepared by a new chemical process, approved and recommended by the most distinguished physicians, and universally acknowledged the most valuable medicine ever discovered.

SURPRISING VIRTUES

Of this Balsam, that even in the advanced stages of CONSUMPTION, after all the most esteemed remedies of physicians have failed to effect any change, the use of this medicine has been productive of the most astonishing relief, and actually effected cures after all hopes of recovery had been despaired of.

Important Caution.

The public should bear in mind that it is Dr. Wistar's Balsam of Wild Cherry that performs those remarkable cures which are published in every part of the country, and not the articles of similar name that are occasionally pulled into "temporary notice."
