

FARMERS' FOUNDRY.

THE SUBSCRIBERS grateful for the patronage heretofore received, beg leave respectfully to inform their friends and the public generally, that they now have on hand and are daily manufacturing the most approved

WHEAT MACHINES.
ever offered to the public on this Shore. Their superiority over other machines consists in simplicity and strength, which will enable us to warrant them with perfect safety. Notwithstanding there are numerous machines used in this county, it is a well known fact that they are too liable to become injured and broken from trivial causes, arising from their complicated construction. The Machines we now offer to the public have been tested by a number of experienced farmers both on the Western and Eastern Shore, and have invariably given general satisfaction.

WHEAT CASTINGS, MILL CASTINGS, &c.

Their assortment of Ploughs embraces a great variety, viz:
Wheat's Self Sharper, BEACH Improved, pen, - - - - - BARNARD,
DAVIS, - - - - - COLEMAN,
SINGLER & MOORE, WILEY,
CUNNINGHAM, - - - - - PATENT CYCLOID,
BEACH, - - - - - AL PLUGH, &c.
The merits of most of the above Ploughs are already well known; but the Wiley and Patent Cycloid have been recently introduced by us on this Shore, as a valuable acquisition to the Farmer. The Patent Cycloid, in 1842, took the first premium at the Agricultural Exhibition, near Govanstown, Baltimore county, Md., over numerous competitors, comprising some of the most celebrated Ploughs of Pennsylvania, New York and Maryland. All our Ploughs are stocked of the best iron, and warranted to run well. We are also prepared to do

CASTINGS AND WROUGHT WORK

of every description at the shortest notice, and at City prices. We respectfully solicit the patronage of the public and invite them to an examination of our stock.
N. B.—Persons having machines to repair will please bring them in as early in the spring as possible, so as to give full time to do the work in a proper manner. H. & B. Easton, February 13, 1844. (G1y)

STORMS AND FLOODS.

IF, during the continuance of Storms and Floods the channels of OUR MIGHTY RIVERS become so obstructed as to afford an insufficient outlet for the superabundant waters, the surrounding country will be OVERWHELMED with the FLOOD. In like manner with the human body—if the Skin, Kidneys and bowels (the natural outlets for Useless and corrupt Humors) become so obstructed as to fail in affording a full discharge of those impurities which are in all cases THE CAUSE OF SICKNESS, we surely can expect no other result than that the whole frame will sooner or later be OVERWHELMED WITH DISEASE.

WRIGHT'S INDIAN VEGETABLE PILLS.

OF THE North American College of Health, will be found one of the best, if not the very BEST REMEDY IN THE WORLD for carrying out this beautiful and simple theory, because they completely Cleanse the Stomach and Bowels from all Bilious Humors, and other impurities, and at the same time promote a healthy discharge from the Lungs, Skin and Kidneys; consequently, as all the Natural Drains are opened,

DISEASE	
OF EVERY NAME IS LITERALLY DRIVEN FROM THE BODY.	
Letters received from gentlemen of the highest respectability, show conclusively that Wright's Indian Vegetable Pills are a most VALUABLE MEDICINE, and their fame is rapidly extending to every part of the Union.

TEMPERANCE HOTEL.

THE subscriber respectfully informs his old customers and the public generally, that he still continues to superintend the above establishment, and is fully prepared for the reception and entertainment of either citizens or transient visitors, whose comfort and convenience he would be pleased to "maintain unto" at all times.—His

TABLE.
as heretofore, will be plentifully supplied with the choice of the market, which will be served up in the best style, and in a manner calculated to please the taste and satisfy the appetites of the "lovers of good living."—Active and attentive waiters will be in attendance to serve all who "sup at his board," and strict attention will be paid to the respective wishes of both citizens and strangers.

The private apartments will be kept clean and comfortable, and every exertion made to render them pleasant and agreeable, and where all may feel "at home." This being an essential particular in tavern keeping, the duty will be attended to by those of his household who are best calculated to appreciate, and most willing to promote comfort and render satisfaction.

THE STABLE

will be well supplied with provender of all kinds, and care will be taken that horses are both well fed and attended to, and the stable kept in a cleanly and proper condition.

THE SCHOONER TALBOT

WILL commence her regular trips on the 28th of February, leaving Easton Point every Wednesday morning at 9 o'clock, and returning will leave Baltimore at 9 o'clock every Saturday morning, and continue sailing throughout the season on those days (weather permitting.)

HEMSLEY'S WORM-DESTROYING SYRUP.

Prepared by R. F. Hemsley, Chemist and Pharmacist.—Easton, Md.
WHEN we consider the great number of children who die annually in this country by worms, it becomes important that the public should be in possession of some medicine for their removal, which will combine safety and efficiency in its employment. This desideratum is afforded by the "Worm-Destroying Syrup." It is not my wish, nor is it my design, to throw around this preparation the unmeaning and extravagant eulogiums with which such medicines are usually ushered into notice. I only desire for it a fair and judicious trial to secure its full approbation. The large and increasing sale of this article is the best proof of the value and estimation in which it is held by numerous and respectable families. The presence of worms in the alimentary canal is detected by the following

SYMPTOMS.

Variable appetite, foul tongue, fetid breath, full, hard and tense belly; dull heavy expression of the countenance; a bluish streak under the eye; itching at the nose, puffiness of the upper lip, disordered and putrid breath; grinding of teeth, pain in the bowels, and frequently drowsiness or convulsions attended by slow fever.

RECOMMENDATIONS.

Being conversant with the general and successful employment of Mr. R. F. Hemsley's "Worm-Destroying Syrup," I cheerfully recommend it to the public as a valuable remedy for the expulsion of worms.

TRIST, THOMAS, M. D.

Easton, March 20th, 1844.
I concur in the above.
Easton, March 20. J. A. MUSE, M. D.

I have for the last two years used with complete success Mr. R. F. Hemsley's "Worm-Destroying Syrup." Indeed I look upon it as a necessity in those cases, and knowing its composition feel no hesitation in recommending it where worms exist.

WM. H. THOMAS, M. D.

Easton, March 7th 1844.

Having examined Mr. R. F. Hemsley's "Worm-Destroying Syrup," and being conversant with its general and successful employment in Easton and the vicinity, I take much pleasure in recommending it to the public as a safe and efficient remedy for the expulsion of worms from the alimentary canal.

CHRIS. C. COX, M. D.

Easton, March 7th 1844.

There is no anthelmintic preparation from the use of which I have seen better results than from Mr. R. F. Hemsley's "Worm-Destroying Syrup." Having been made acquainted with its composition I can confidently recommend it, not only as a vermifuge, but also as a gentle tonic, suitable in those cases of debility occurring in consequence of the presence of worms in the stomach and bowels.

A. M. WHITE, M. D.

Easton, March 26, 1844.

From Dr. W. HEMSLEY.
Having prescribed the "Worm-Destroying Syrup" with success in my neighborhood, I can confidently recommend it as superior to any other preparation offered to the public.
