DYSPEPSIA.

There is perhaps no disease which destroys the happiness and comfort of individuals, and families to the same extent as Dyspepsia or Indigestion.

OXYGENATED BITTERS. There existed no medicine accessible to those suffering from this wide spread disease, which relieved it in any marked degree.

The power of these Bitters over the above named disease as well as over all those having their origin in imperfect digestion, and functional diseases of the stomach, as well as Asthma and General Debility is beyond all question.

Its speedily and permanent cures of the severest and stubborn cases on record is sufficient confirmation of this fact.

BRYAN'S AGRICULTURAL MUD LIFTER.

Worked by two horses and will raise 15 Cart Loads per hour, only requiring one man to operate it.

A Strong and Durable Machine, which can be worked by ordinary Farm Hands.

THE purpose of this machine is to raise the deposit from the bottom of ravines, coves creeks, rivers or other places inaccessible to teams.

This Machine raises the mud, brings it on shore, deposits into a hopper, under which a cart can be driven, and receives its load by means of a slide moved by the driver, by which all labor of shoveling is avoided.

The bucket is made of the best boiler iron, and is so constructed that it dumps the mud into the hopper, and by reversing the capstan, adjusts itself and is carried out for another load.

By referring to a drawing and clear explanations sent with each machine any ordinary carpenter can put one up without difficulty.

But a few pieces of roughly hewn timber are required for the frame. Everything else complete with chain and rope enough to send the bucket 170 feet from the capstan, is furnished in Baltimore for the sum of \$225 cash.

All orders promptly attended to, or information given at Larrabee's Foundry, Cor. Front and Ploverman Streets, BALTIMORE MD. BRYAN & BROTHER. Feb. 21, 1859—1v.

AMERICAN AND FOREIGN Stereoscopic Emporium.

E. ANTHONY, 308 Broadway New York. After May 1st 1860, at 501 Broadway two doors from the St. Nicholas Hotel.

The Stereoscopic is the most instructive, interesting, entertaining, amusing and exciting of modern inventions.

None are too young, none too old, none too intelligent, none too uneducated, to acknowledge its worth and beauty.

No home is complete without it, and it must and will penetrate everywhere.

It presents to your view every part of the world in all the relief, boldness, perspective and sharpness of detail, as if you were on the spot.

Photographers are everywhere exploring Europe, Asia, Africa and America, in search of the grand and the beautiful, and the result of their skill are constantly enriching our stock.

We have an immense variety of paper views of Scenes in Paris, London, England, Ireland, Wales, France, Belgium, Holland, Switzerland, Spain, The Rhine, Versailles, St. Cloud, Fontainebleau, Toul, Herles, Italy, Turkey, Egypt, Athens, the Holy Land, China, India, Crystal Palace, also Groups Historical, amusing marriage scenes, breakfast scenes, picnics, statutory, &c. An exquisite assortment of illuminated Interiors of Palaces, Churches and Cathedrals of France, Italy, &c. The effect of these illuminated views is most remarkable.

EVERY GENTLEMAN OF WEALTH AND REFINED TASTE should have in his drawing room some of our exquisite views on glass, with a revolving stereoscope, showing 12, 25, 50 or 100 scenes. Nothing can be more fascinating, and one can offer no greater treat to a friend fond of the picturesque and the beautiful.

Anthony's Instantaneous Stereoscopic Views are the latest Photographic wonder. They are taken in the fortieth part of a second and everything no matter how rapidly it may be moving, is depicted as sharply and distinctly as if it had been perfectly at rest. This gives an additional value, for to the beauties of inanimate nature it adds the charm of life and motion. The process is a discovery of our own, and being unknown in Europe, we receive from London and Paris large orders for Anthony's Instantaneous Views of American life and scenery.

Among other things we have just published Stereoscopic Illustrations of the Scene of the FELTON STREET PRAYER MEETINGS, in which many hearts feel an interest. The particulars of this will be found in our catalogue.

Our Catalogue of subjects and prices will be forwarded to any address on receipt of a stamp.

Parties at a distance sending us \$3, \$5, \$10, \$15, \$20, or \$25 can have a good instrument and such pictures as they may request, sent by Express.

Views alone, (without instrument) can be sent by mail.

Parties who wish to be advised of every thing really valuable in the line that comes out, may send us their names to place on record, and we will keep them posted at our own expense.

Men of leisure will find Photography a most fascinating and delightful amusement. We are prepared to fit out amateurs with everything necessary for their success together with instructions "How to take Stereoscopic Pictures."

E. ANTHONY, Importer and Manufacturer of Photographic Materials, Stereoscopes and Stereoscopic Views.

Merchants from every section of the country are respectfully invited to make an examination of our stock as our display to the trade will be liberal.

To Photographers.—First class stereoscopic Negatives wanted. Send by mail a print unmounted, with price of Negative. 4 mos. January 17, 1860.

CHESNUT GROVE WHISKEY.

THE enterprising proprietor of CHESNUT GROVE WHISKEY, (the pure medicinal agent ever known,) has furnished the community a stimulant, pure, healthful and invigorating, at the same time a mild and delicious beverage. It is calculated to do away with the vile drugged stuff that is palmed off upon the community, and which is injurious to body and mind. In addition to the certificates beneath, he has received a diploma from the State Agricultural Society, and additional testimony from Dr. Jackson, of Boston who testifies under oath to its absolute purity.

Certificates.

Philadelphia, Sep. 9th, 1858. We have carefully tested the sample of Chesnut Grove Whiskey which you sent us, and find that it contains none of the poisonous substance known as Fusil Oil which is the characteristic and injurious ingredient of the whiskeys in general use.

Booth, GARREA & CAMAC, Analytical Chemist. New York, Sept. 3d, 1858. I have analyzed a sample of Chesnut Grove Whiskey, received from Charles Wharton, Jr. of Philadelphia, and having carefully tested it, I am pleased to state that it is entirely free from poisonous substances. It is an unusually pure and fine flavored quality of whiskey.

JAMES R. CHILTON, Analytical Chemist. Boston, March 7th, 1859. I have made a chemical analysis of commercial samples of Chesnut Grove Whiskey, which proves to be free from the heavy Fusil Oils, and perfectly pure and unadulterated. The fine flavor of this whiskey is derived from the grain used in manufacturing it. Respectfully, A. A. HAYES, M. D. State Assayer. No. 16, Boylston Street. For sale by C. 431 Acres 2 Roads and 7 Perches of land and can be conveniently divided into two farms, each extending to the county road. There is an abundance of good CHESTNUT, WHITE OAK, BLACK OAK, LOCUST and CEDAR timber—more than a sufficiency for the use of the farm. The barn is a two story building with stables and Corn House attached, lately built and of good materials. There is a well of excellent water—as good as any in the county.

A third of the grain will pay an annual rent of \$600.00.

The owners only reason for offering this farm for sale is, that he wishes to change his business. Terms made easy and possession given immediately if desired.
