PROF. L. MILLER'S HAIR INVIGORATOR. AN EFFECTIVE SAFE AND

ECONOMICAL COMPOUND, For Restoring Gray Hair to its original color without dyeing, and preventing the Hair from turning grey; for preventing Baldness and curing it when there is the least particle of vitality or recuperative energy remaining; for removing Scurf and Dandriff, and

mand for this unequalled preparation, convince the proprietor that one trial is only necessary to satisfy the discerning public of its superior qualities over any other preparation at present in use. It cleanses the taneous diseases; causes the hair to grow luxuriantly, and gives a rich, soft, glossy and flexible appearance, and also where the hair is loosening and thinning, it will give strength and vigor to the roots, and restore the growth to those parts which have become bald causing it to yield a fresh covering of hair. There are hundreds of ladies and gentlemen in New York who have had their hair restored by the use of this Ivigorator, when all other preparations had failed. L. M. has in his possession letters innumerable testifying to the above facts, from persons of the highest respectability. It will effectually prevent the hair from turning gray until the latest period of life; and in cases when the hair has already changed its color, the use of the invigorator will with certainty restore it to its original bue, giving it a dark, glossy appearance. As a perfume for the toilet and a bair restorative it is particularly recommended, having an agreeable fra grance; and the great facilities it affords dressing the hair, which, when, moist with the invigorator can be dressed in any required form so as to preserve its place. whether plain or curls-hence the great demand for it by the ladies as a standard toilet article which none ought to be without, as the price places it within the reach of al
