TERRIBLE TRAGEDY. -The Fort Wayne (Ind.) Times says that a most terrible and fatal accident, with consequences still more terrible, occurred in Adams county the other day. The story is at once the briefest and most awful we have read of in many a year. A woman a- Ann's County, adjoining the lands of Stephen bout to churn butter, threw some boiling water in the churn, into which one of the children had, unnoticed by the mother, placed an infant, and it was instantly scalded to death. In her frenzy the mother seized a chair and inflicted a death blow upon the little girl. After realizing what she had done she threw herself into the well and was drowned.

REPORTS FROM WASHINGTON .- Washington, Nov. 24.—It is reported that the anticipated rupture in the cabinet will be indefinitely postponded. The President has somewhat changed his original position, and modified his views. The President has expressed his belief that South Carolina will go out of the Union before Christmas. He designs to refer the whole matter to Congress. It is announced that the Southern Representatives in- House, Shoe Shop and Stable and Carriage until actual secession takes place.

NOW READY.

The 2d Edition PUBLISHED BY AUTHORITY

OF THE State of Maryland. THE

CONTAINING ALL THE Public GENERAL and Public LOCAL Laws, Now in Force, in the State of Maryland, COMPILED AT

OTHO SCOTT, and HIRAM M'CULLOJGH, Commissioners, Adopted by the Legislature of Maryland, Jan. Session, 1860: the Acts of that Session being therewith incorporated. With an INDEX to each ARTICLE & SECTION BY HENRY C. MACKALL, OF THE MARYLAND BAR. only \$6, Interleaved, \$10. Superbly bound in Half Calf, interleaved, \$12 per copy.

The first edition of 2000 copies of the Code being exhausted by the subscription of the State, the City of Baltimore, and the public, the Publishers have the pleasure of announcing that the SECOND EDITION is now ready, for which orders are respectfully solicited.

It is deemed superfluous to dwell on the merits or advantages of this great work, the preparation of which has cost the State upwards of \$50,000. The distinguished Codifiers, whose labors have been ratified by an Act of the recent Legislature, have comprised in Full Detail, in Two Volumes, ALL THE PUBLIC AND LOCAL LAWS, now in force in this State, and of course, bearing on every department of business, and every interest of society. Into this comprehensive space, the Code, into which is incorporated the Acts of the last Legislature, collects and digests the Entire Legislation of Maryland from the Provincial Period to the close of the January Session of 1860; -with an elaborate and well digested INDEX to each ARTICLE and SECTION-careful and minute in its classification of subjects, the reader, no matter how unfamiliar with the science of law, may easily examine the enactments on any question referring to his Property,

With the view of enabling every citizen to possess a copy, the Publishers have affixed the price at about one-half the usual charge for Law Books, relying with confidence on the intelligence of the citizens of Maryland for a liberal encouragement. It is perhaps the most complete body of Domestic Jurisprudence ever Published, for Popular as well as Professional use. As a perfect Compendium of our State Law, it should at once enlist the good will and secure the patronage of every citizen. Every Law Officer, every Merchant, Manufacturer and Farmer, every Mechanic and Artizan, every Professional and Business Man, ought to secure a copy of THE CODE.

The Code has been carefully examined by several of the most eminent lawyers in the State. All unite in pronouncing it the most complete body of Domestic Jurisprudence for Professional as well as Popular use, ever published, and one of the best arranged, as it is unquestionably one of the neatest and cheapest law books ever produced in this country. The unexpected demand, and the very favorable opinions expressed by competent judges, are gratifying evidences, that the mode of issuing the Work-in a superior style, and at about one-half the usual price of law books-has met with public approbation. In order to render the work in every respect useful to

Purchasers, we have made arrangements to issue in Pamphlet Form, uniform with the present volumes of the Code, the ACTS of each FUTURE SESSION of the LEGISLATURE. By this means the purchasers of the Code will be enabled to possess all the Legislation of the State, in regular order, at a very moderate price. Preparing for Early Publication, A DIGEST OF THE DECISIONS, Construing the Statutes of Maryland, of which the Code of Public General Laws is composed, with specifications of the Acts of Assembly, by CHARLES F. THE great celebrity and increasing de-I mand for this unequalled preparation, convince the proprietor that one trial is only necessary to satisfy the discerning public of its superior qualities over any other preparation at present in use. It cleanses the head and scalp from dandriff and other cutaneous diseases; causes the hair to grow luxuriantly, and gives a rich, soft, glossy and flexible appearance, and also where the hair is loosening and thinning, it will give strength and vigor to the roots, and restore the growth to those parts which have become bald, causing it to yield a fresh covering of hair.
