Senate Partridge and Ringgold.

(over)

and other house keeping bills

note: up to this point I have been picking up those senators who were appointed to count ballots. Since this task is usually given to the junior member, with no particular significance Carol says I might as well drop it. EX 4/5/79.

The list of the executive Council is in the House Journal, so I have not done that again.

I have not continued to note those appointed to count ballots for county offices either.
