As two of my hands are in your neigh-
bourhood, I will take the opportunity to get my
bull brought home, I did not know ~~in time~~
of their going up, in time to send your bull
to you, or I should have sent him, I would
advise you to get clear of him, for he cannot
do any duty, and I had to borrow a cowman
bull from a neighbour, should you feel disposed
to purchase my bull you may have him for
\$75.00, if not please send him by the way
and you had better send down and get
your

Very respectfully
