

Dear Sir

I wish much to advise with you what we
had best do with our Cattle they have been well fed for
some weeks and are the People say, in good Order, Hape
is extremely Anxious to get them and Offers \$20
round for them Jim says we should have more and had
some Notion we could do better by taking them to
Baltimore - I have just heard that you mean to dispose
of yours in that way and beg you to advise what you
think we had best do whether to take Hapes Offer if he
brings the Money, or keep them longer for a better
Price - I should have been myself to talk with you
but the Wagon goes to George Town Monday Morning
and I cannot leave home this week, and Hape wants
an Answer by Monday Morning with respects &
best Wishes to all with you

Sincerely Y^r Obedt^t
A. P. Key
