Dear Sir Melvoir Nov. 23. 1812

In consequence of my having made application to several Persons to purchase Negro Men - a man - living near M^r. M^r. Coys Tavern - about 17 miles from this - called on me the other Day to let me know that he had two young negro men he would sell - one about 15 & the other 21 years of age - both healthy - stout, and brought up to plantation business - M^r. Jacob Eagleheart owns these two & believes one or both would be willing to go to you - as neither of them as yet have wives to attach them to their own neighbourhood - his price is \$400 for each -
