

me in Annapolis - I said, he had he was left to you  
by his old Master - I hope you would not take him  
from Annapolis - had no objection to you - but could  
not go to live in Frederick County he said -  
I will see at him again & if Parker will give  
him up - will use my influence to induce him  
to live with you - I have the money ready  
for the sheep & if you are prevented from coming  
down - I shall see you at the near Branch  
in a fortnight from this - as you are obliged to  
be at Liberty Town on the 4<sup>th</sup> of next month  
& when there will certainly make you a  
visit - I will enquire what could be got  
for Frank in Annapolis - if to be sold -

We have nothing material moving in  
this Quarter - a very cold disagreeable  
weather to contend with - the business of  
the Farm advancing very slow -

Miss Winnie will get her letters I expect  
tomorrow - she is at present on a visit to  
Mrs. Cheston at West Point - all Friends  
well in Annapolis - Please to make  
my respects to Mrs. Winnie & your family -

Yours with friendly regards

A. Maymudis -
