York 22<sup>nd</sup> June 1814

Dear Sir -

I called on Rupp (commonly  
called Roup) & informed him what you said,  
he would have kept his promise about  
going to your place but his wife took  
sick & prevented his leaving Home, so  
soon as she is well he will go. - I  
did not see the Bargain you made  
but have no doubt it was a good one  
the Colt must be worth the 9<sup>th</sup> or  
part of the money - The Doctor  
is a very hard man, but from  
these sort of people sometimes a good Bargain  
may be got. The party goes off fast, & so soon  
as it is done, if possible I will come &  
spend a week with you - With kind  
Love to all your Family

I remain  
Yours very Sincerely  
Andw Thompson
