

As I take the liberty in writing
to you concerning a brother I have in America
I wrote to him this season to send me some
help to take me out of this Contray as
Tread is down here bread men is starving
in this Contray no Tread is good here Cotton
business is over in this ~~Contray~~ Kingdom
be so kind as to Meant to him those circum-
stances and let him no that you were acquaint-
ed with me in Belfast and that I have
large family and if he or any one where
to relieve me out of this Contray me and
my family would pay it up to the last
farthing I wrote to him this season to send
me two hogsheads of tobacco which I think
would take my family there with what
I could do myself I would bind myself
to any one thing to get my family there
and get myself out of this Contray
