

to injure others (rather than make money himself) has fallen out with his Partner Loya & they are going to sue each other, of course their Brewery is stopt - I did not know that Loya & she were in Partnership till I heard of the Dissolution, I suppose it commenced at same time as the Emmitsburg Bridge building which I understood they had undertaken.

Lamar wrote me that I might suppose Mr Barnitz's Beer was very bad when Mr Shulz took some from him this winter, a thing he had never done before from any one but Mr B.

A Mr Love from York was up here a short time ago, who told a person in this Town (I did not see him) that there was no Beer in York this winter

worth drinking but Mr Scanlans I therefore expect this will be a better winter than usual, & the Summer Trade seems to be always increasing Mr Thomson will write to Grace next week - I will have the Account made out which you require if Shab wants in 8 or 10 days I could send it by that time

I remain  
With Love to all the Family  
Yours Sincerely  
Ando Thomson
