

I could have paid all the Farmers, and had
my Mill to commence in this Fall. - It
is useless to refine, we cannot command Success,
altho I have done my thing in the compass of
my power to do so. - Spirituous Liquors
have got so cheap for the Tavern keepers, the don't
wish to introduce any thing else. - Miss
Sally Thompson came to your place yet. if
so I wish she would write, as I am in my
imagination at her long absence. - I have written to
Andrew to know the cause. I fear she is unwell.

I have paid Mr Schriber \$40. I wish
you would let me know by whom you sent
the \$70, as it vexes me much to say I cannot
recollect any but the \$30 which I gave credit
immediately for. and as it must have been Mr
Robinson I have paid the 40 to, he has
no recollection of ever having such a sum

from me - nor can I recollect any thing
about it - and such a sum as that should have
made some impression on my mind.

This Day is my little inferior for rain
to this day twelve months we have had any
art Season - with Intervals of uncommon
hot weather. - I understand we are going to get
a Stone Bridge immediately built over the
River - I wish it may be the case, as it
will enhance the value of my property.

Expecting to have the pleasure of
hearing from you. - Mrs Scanlan Matilda
and William and their love to
all the Family.

I remain Dr Sir
Yours Truly
