Mech. Town Dec. 22. 1818

C. Wirnie Esq.

Dear Sir — Yours of the 18th inst. has been recd. — We left directions with our Brother in Mechanic Town to send the Carpty. & Cloth to Taney Town to the care of the Gentleman you directed, but getting an opportunity to have it brot. on to send it from here. — We were all along under the impression that you would send for it to Mechanic Town as we have told Mr Thomson here that it was but 15 or 16 Miles from Taney Town and that you would have less trouble in getting it from there than here — It seems that Mr Thomson has omitted mentioning this to you — We regret very much that you have been kept out of the articles so long which reasons as you will perceive is owing altogether to a misunderstanding in the arrangement. — We remain respectfully your obt. humble Servts.

G M. & S. Conrad

P.S. Should the carpet &c. not have been sent from Mech. Town it would be the shortest way of your getting it by sending for it or either, as we have not heard from our Brother, and whether they have concluded to send it or not

G M. & S. Conrad

Dear Sir

I have sent by your wagon 40 Bush. Corn. As you were kind enough to say that your demand should be limited by my convenience I have to request, that you will be contented with the present supply, as my stock is much smaller than I had supposed

Yr Obt. Servt. Wm. Reed

Dec. 19.

My dear Sir

I trust will forgive my long silence having so much to attend to. I really had not time, the mode & took with Capt Leonard was the only way to succeed. and am happy to inform you from the manner both he & mrs Leonard treats me I think he is well pleased with the way I do business I have now Brewed three times and all the Customers that have got my Beer are much pleased with it. The former Brewer and the Capt. could never agree. I give him his own way, and find it answers best. I may recommend. but shall inform all the Men as soon as I see. so that at the end of one Month I trust I shall be able to report favorably — I am my dear Sir

Yours Very

To
