

well with you as they did with
Mr Cox - I purchased some
Lumber some time ago, I have
sold as much as I expected at
this season, the profit is very
good on the sum laid out, the
yellow pine that cost me $2\frac{1}{2}$ \$
per hundred feet I got $3\frac{1}{2}$ \$ for
the white pine best quality that
I got from the Susquehanna which
cost \$4 I sold at \$5 per hundred feet.
My Porter is better than half out,
whether the boards will allow me
to leave home after the Porter is out

I cannot yet say. Mr Tany
left this yesterday for Georgetown
owing to the unfortunate circumstance
of his Father having killed a Mr
McGruder, I am told he is in
Alexandria waiting for a vessel for
the West Indies;

The District of
Columbia here is something like the
Isle of Man, when a man gets there
he is safe, he can only be taken out
of it, by the Governor delivering him up;
The country cannot be too soon rid of
such a Man. - All here are well

I remain Dear Sir
Yours very sincerely
And^r Thomson
