Sir

The day after yesterday another letter from my Father in Law Chas Ridgely of Hampton was delivered to me, which I had detained for a few days, in order that I might have an answer to some letter which I had written to him, respecting the period at which you contemplated making a payment on account of the purchase money for the Woodlands, which you had actually sold to Mr Calvert, and for which you received from him (Calvert) a bond, payable on the first day of January 1827. I have assumed in that letter that it was the case that you intended one payment to be made, on the principal of the purchase money, on the first day of January next, as mentioned in your letter, & was not at my Father in Law's request, that I did so. I have assumed that you intended to pay the whole principal sum of $5000 on that day, & not merely the interest on that sum, which would be $300 only. I have also assumed that you intended to pay the whole principal sum of $5000 on the first day of January next, & not merely a part of that sum. I have also assumed that you intended to pay the whole principal sum of $5000 on the first day of January next, & not merely a part of that sum. I have also assumed that you intended to pay the whole principal sum of $5000 on the first day of January next, & not merely a part of that sum.
