suit if the Money was not paid within one Week — She expressed herself as being much troubled by your intention to sue her; and says that her disappointment in not receiving the Money due her, from the Fountain Inn in Baltimore, occasions her great uneasiness and distress — but declares that as soon as she can receive as much — your claim for the Rent shall be paid — From what I can learn from some of her Friends, I believe she is well disposed to pay her debts & that she will certainly pay yours — I think you had better indulge her a few Weeks longer — it is likely your threat may urge her to make a collection from the Fountain Inn — so as to pay your claim — In case of a Suit Mr. A. Ridout would be much puzzled how to act — for he is a Boarder and an inmate in their Family — I will rely on your waiting a few Weeks — and shall not speak to Mr. Ridout — until I hear from you again —

Our Legislature met last Monday — but have not heard of any interesting matter going on — the Canal subject 'tis said will soon come on — no Day as yet fixed for it — I sincerely hope the Potomac may succeed — & if it should — then may we hope to see better times as relates to the Banks of Columbia — and most certainly to the State of Maryland — Mrs. M. Miss Minnie & Eliza quite well & join in best respects to yourself & Family
