

for his first quarters Rent due in Feb. last -
and \$25.00 collected on acct. of A. Cornfield's
Rent - I suppose you are in good spirits as
to the trail road passing not far from your
Territory - I have heard it said that many
think it will take the route by Westminster
which I conclude will not be very far from
your Land - I hope that your grain fields
partake of the great prospect now every where
appearing, as it is supposed, from the mild winter
and early Spring weather - I have never seen
such beautiful wheat fields at this season
as now appear - I never heard whether you
got the barrel of Honey Locust seed - sent to
Baltimore for you - long since -

With my respects to Mrs. Dixie - and your
Family - I am your Friend & Servant
A. Maynard
