Mr Gorman wishes to know when he can get the seed wheat from you. He is now in want of it. Perhaps I am to blame that I did not inform you agreeably to your request whether y.r price &c. suit him or not but really I have been so engaged ever since that I have taken no time for my own concerns. This day will prove whether our Exertions have been profitable or not. Excuse haste and bad pen, but believe me

To be
Sincerely
Yrs
Wm B

P.S. Gorman says he can send any time after to morrow
