

REMOVAL.

Please take notice that we have removed to the spacious brown front warehouse, No. 285 Baltimore street, next door to our old stand.

In presenting this Catalogue to you, we respectfully ask a careful perusal of it, and an examination of our large and varied assortment of Goods. Our Foreign Goods are almost exclusively of our own importation, and our Domestic Goods are bought directly from the manufacturers upon the best terms.

Beside the articles enumerated, we are constantly receiving additions of new articles as fast as produced, and we invite the attention of all prompt paying buyers, feeling our entire ability to compete successfully with any other House in any Market.
