

~~and~~ with Joe, we had
quite a pleasant time.
started for home about 9¹⁵/₂
o'clock, did not hear
any sound in the street.
J. and G. walked to the
door with me, then bid
good night, and about
10 minutes after I came
in, we were startled by
the cry of fire, found it
was Mr Brewer's old frame
house, on Green St., and
the Primary-school house,
on same St. both burned to
the ground, Nanie has
been sick all day, and I have
been quite busy.
