I suppose you knew that Nellie G. is up, she came with
Pa last week. she and Mamma have been out this morning
walked through the Naval School. I walked through
there several weeks ago. it begins to look very pretty.

Are we not having splendid weather - is cool
and pleasant, rather cool, I think for August.

Has Jimmie got home yet, I heard he was to
come.

We Annapolitans have been right much excited
here lately, we have had quite a number of fires since
I wrote you, evidently the work of an incendiary, there
were three parties taken up last night, two in the act
of setting fire to a stable, the third having some hand
in it. I did not hear who they were tried this morn-
ing. When do you intend visiting the Ancient
City again; you promised Ma when she was in W.
that you would stop part of your time with us, but
you did not; when you come we shall expect you
to stay with us.
