

your view; that you have a thousand new sensations, all exquisite, which have taken possession of your soul, with a certain mixture of joy and astonishment; that, as the song says, "At once it both wounds you, and tickles your heart;" in short, that you are all extasy, and almost beside yourself: but I shall not be told one word of your apprehensions, and your humiliations, which you will have in abundance; for however imperious, bold, or eloquent, you may be, if you should happen to adore a person who contemns you, however you may have summoned your courage, whatever fine harangue you may have prepared, they will be so many dreams and phantoms that

will
