

box for Mr Rawlings, will go with the Fuler - You may
tell Mr Maynard that I will see him early next
week on the subject of Mr Baldwin's Land, & although
it more particularly, I shall be better able to judge
of the value of it -

As we may be obliged in
our going to approach the water, I wish you would
see Mr Hammond and the coloured people holding
under him - I mentioned to you, to get a copy of the
Will, under which these coloured people hold their
title - As public opinion is far beyond the
truth, and beyond even what we may ever realize,
I fear a prosecution of the fact will be very expen-
sive - but get the rights, that we may get on,
and if we miscarry, let us know our fate soon,
as it will be the cheapest - I am
Yours
