

To you hear from Mr. Dubois
often I used to get a paper from
him: the last one I received he
was in Baltimore. But he
returned to Annapolis again
if so I judge you are very
glad; When did you see Miss
Priscilla I suppose she is not
married yet - I am expecting to
hear of it every day. I have
not written to her for so long
a time I expect she thinks I
never intend answering her letters
but I doubt whether she has
ever thought of it at all.
Has it been warm in
Annapolis this week we have
had it very warm here quite
a change since yesterday and
I am so glad hope it will
continue so for some time
