

"Store" 12 O'clock M
March 9th/82.

Dear Susie,

How is your head, better?

Say yes, what are you doing with yourself,
(inquisitive am I not), from the appearance of
the weather I think you will not take
your walk, this morning, Susie this is
the very weather to make your cold
return, but I know you are so prudent,
that you will do nothing that will
have a tendency to make you have a
relapse, did you take (by accident)
a nap after I left, I did not stop
at the "relay".

I know this miserable
scrawl ~~not~~ does not deserve an answer, but
I know you are so good that I will hope,
